CIVIL INTERNATIONAL COMMITTEE
On preparation World public opinion to execution
of First World Congress
of Spiritual Unify in New York

to

First Vice-Chairman

Dr Ernesto García

Dear Sir,

All members of civil international committee congratulate You with the birthday!

On 23 August, 1946, into Cogolludo (Spain) on the planet the Earth was borne MAN, which today began to make that the fact that no one and even attempted never to carry out - to convince the Governments of the States of Wide-World of the need for coordinating effort for reaching of the balanced intellectual- spiritual increase in the contemporary CIVILIZATION.

But the most surprising for all - this person already succeeded the first steps in this most necessary for the steady development of our CIVILIZATION direction. His efforts for the intellectuals of Wide-World preserved the idea of conducting the First Congress of Spiritual Unity on the American continent. And already no one will be able to refuse from this idea, because do not have other way not the spiritual leaders, not in the obshchetvennykh workers, not in scientists for reaching of the matched position on fundamental questions of the development of Humanity.

Going to this large and gripping each honest person purpose, Dr Ernesto attempts to have a positive effect on many social processes which they affect life of millions of people in Europe and America.

All this is done sincerely and honestly.

Therefore, in spite of all destructive processes very much have made by Outstanding Intellectual 21 century of Dr Ernesto Garcia. And we all to this witnesses!.

In the Ukraine with His support two academic public structures in Odessa and in L'vov are created, in Spain his position supports management on a number of fundamental questions, and many public workers agree with Him, in England His activity is supported International Biographical Center in Cambridge, in America - by American Biographical Institute, the

world acknowledged association of the public organizations Of Lusia Trast it sincerely supports our work and work of our Friend. By the way, precisely, Dr Ernesto introduced us all to this interesting organization, with which He collaborated long before realizing of our general grand project.

For us all it was very importantly in the life of meeting from Dr Ernesto Garcia and we understand everything, that this is the gift of fate, which we must to take care. Therefore, our dear FRIEND, make it possible to wish to You in Your young for the political and public worker years of strong health, happiness in the family, the realization of Your most immense plans, and the main thing - sincere calmness and the sensation of the Great significance of Your work for all those living on this Earth.

We will be always with You in all Your plans, undertakings and projects.
