

Exhibition in synthesis of the Work of CIVIL INTERNATIONAL COMMITTEE (CIC)

1. This Web Page exposes the constitution of the **CIVIL INTERNATIONAL COMMITTEE (CIC)**, created to reason of the terrorist attacks of September 11 the 2001, and thinking of the possible consequences that to short, half and I release term it can have this disastrous event on the future of all the Countries of the World and its repercussion for our CIVILIZATION. This CIC this formed by a group of scientific people of different countries: Ukraine, Serbia-Yugoslavia, Canada, India, New Zealand and Spain)

2. It is had the support of numerous World Leaders. It has put on in knowledge of International Institutions through the great activity of the Chairman Dr Valery Vasiljev, of Ukrania and it will be made in next months a great diffusion in the Universities from all over the World.

3. And that the purpose is the one of mobilizing to the world public opinion in the union of our efforts for the PEACE...To give priority at a third via, to a third option (factor common of all the human beings) (that is not political; it is not military) and it's **SPIRITUAL INTELLECTUAL** (the Union of the MIND and HEART) by means of the collective and mass mobilization of the ENERGY OF THE UNDERSTANDING and the GOOD WILL, among people of all the CONTINENTS).

4. We will try to mobilize to all the religious Confessions, altruistic Movements, ONGs, etc etc, culminating our work with a CONGRESS IN THE CITY OF NEW YORK.

5. We propose a would fold: **THE GREAT INVOCATION** that we try to impel and to diffuse and that it appeared in the year 1934.... That this sentence has taken charge of carrying out its diffusion an organization linked to the Organization of the United Nations, the Lucis Foundation (www.lucistrust.org) We try to propose it as common factor to any belief, since it speaks of three aspects for those that one requests help: for the mind, the heart, the will of the men from it the MIND the HEART and the WILL of **GOD** (for the believers); or from the appealed of the "*ENERGY INTELLIGENT OF THE UNIVERSE*" for the "non believers"...
