By a mountain of Ukraines i, the academician of the Ukrainian Academy of Arts Boris Voznickij has set tone to all protrusions present. He sincerely and frankly spoke about problems of Greek-Catholic Church in Ukraine. He spoke that the management of Greek-Catholic Church does not feel by the host on own ground. He considers as large lack of activity of Greek-Catholic Church, that Andrew Sheptycky is not glorified. "It is inconvenient to me as to communicate with the colleagues from countries of Europe, which one are sincerely surprised to our indifference in a solution of the question of glorifying (canonization) of Andrew Sheptycky". And main - " to me how strange to see, that in those arrivals, where always spoke on the Ukrainian language, today speak in Russian. " 16 years after the declaration of independence of Ukraine Have passed, and in official bodies of Ukraine speak in Russian.

**3 Dr hist . Yjroslaw Dashkevich Director of Lvov's Department of Institute of the Ukrainian historiography and source study of NAS of Ukraine, professor,**

## **24, Vinnichenka St., Lviv., Ukraine, 79008**

Mr Dashkevich has underlined, that the Greek-Catholic Church has left catacombs practically 15 years ago, but any secret Church conducts its existence today as. For all years e ÷ of open existence is not published of any publication for the believer, in which one the state of the art of Church is rotined. The Church published in conditions of catacombs such issuings, and today does not publish. Why? And main - the Churches burn, the monuments to our history, history of culture of Ukraine burn. There are some reasons of such fires. First - there is a desire in place . of wood Church to construct immovable facility. Second - desire to cover carried out rip-off, when from Church have born expensive(dear) icons and books, and then for liquidation of tracks of rip-off the arson is settled. Mr Dashkevich wanted to indicate reasons, but has refrained. He only severely has indicated, what is it sacrilege, as is sacrilege at that, that the glorifying (beneficacia) of Andrew Dashkevich lingers over, and " you see he was highest Prince of Church ". The professor has underlined, that the scientific activity on a history of Church is not carried out(conducted) and there are no scientific accumulator cells, where it is possible to do(make) the publications. Main - " scrambling for confessor it not only Church, and literature. By the way today by pornography of the people artificially repel from the literature. He has paid attention the humanities, present on a miserable condition, in Ukraine, and also to necessity of overcoming of the antiUkrainian tendencies for a management(manual) of company.

He has indicated, that he was on 17 conferences on a history of religion, but all of them did not acceptance a management of Greek-Catholic Church. But main - it is necessary to refuse to hinder to construction of Ukraines i not those who today behind desktop, those, " who always under desktop ".

All this was said so sincerely and with such trouble on the future of Ukraine / Gothey - Ghattmanshina, that has paid attention to an actual history of Khust, founded Hungarian King Gust in 1090.

### **4 Mr Fedor Strigun Main producer of Drama theatre by name M. Zankoveckoj, National Actor of Ukraine, winner of the National premium by name. T.G.Shevchenko**

## **1, Lesi Ukrainki St., Lviv., Ukraine, 79008**

Mr Fedor Strygun underlined, that he liked expression " the Orthodox Roman catholics "He has reminded all present, that since 1952 for 1990 in country the generation of the not baptized people was born. And in 1925 have deleted completely Autocephalous Church. " And what to speak about the Greek-Catholic! Uniatsky of Church frightened the people, specially, in Eastern locales. The people were afraid and are afraid of the chairman of collective farm, heads i of agricultural advice and other chiefs. The people wait for returning of the aged orders. Therefore try to leave in drunkenness. When the person little bit drunk, he will approach to thee and will ask about health, will greet. For us is very much intimidated i the people. " But what to speak. Who goes on tour in Kiev? The chiefs of the state and modern richmen invite from St.-Petersburg theatre "Lenisky Komsomol", theatre i from Moscow, and our national theatre has no money to a fare up to Kiev! We can not wait 2000 grvn. ! Why it happens? "I was on native Chercashina. So not ours there is constructed much, but that all are Moscows. They do not want Grivens, and they want to have only roubles and in Russian. And that all are in Cold Ovrage, in the Motrinum's Monastery!

Present have confirmed, that in the Pochevsk's Laurel on the Ternopol's Region one deputies of State Duma. Mr Strygun has underlined - " to all of us the new idea is necessary and it is necessary to work for education of a nation. 15 years have passed, and negative it is a lot of".

I very much was pawed with words of mister Strygun, which one is really pride of the Ukrainian people. From 36 performances, put by him, 18 are national property. It is such performances: "Motria" (1st a part "Mazepa"), "Do not kill" (2nd a part "Mazepa"), "Baturin" (3rd a part "Mazepa"), "Romeo and Juliet", "Jesus of Son of the God Living ", "Gamlet", «Guculka Ksenia", "Gajdamaki", " Pavlo Polubotok", " While the sun risen, dew of a voice destroyed ". The very talented person and present patriot of European Ukraine. The letters of Chaadaev are really very necessary to him.

**225, Zamarstynivska St., Monastyr Sent Alfonsa, Lviv., Ukraine, 79068**

The father Igor Car, chaplain of corrective colony, has said to us, that, watching 1700-2300 persons concluded, see army of the young people, which one it is not clear why have appeared in prison. Probably because in 2007 the profit on trade in beer was compounded by (with) 2000000 dollars. It is difficult to bear light of a faith in colony, but why person which one has wanted to work in colony have sent in other end of country? Correctly speak, that « for sins of the people the God punishes by the not wise chiefs ».

«The Person, which one goes on bow to the God, with years became reticent from life, to nothing is surprised, but only is quiet in douche brings itself in a victim together with the Christ, bringing the God a lovely victim for saving of light » / father Igor Car.

The father Igor Gileckiy , which one served a service at the presence of the President of Ukraine V. A. Uschenko, nitidously has justified the thesis « be not afraid ... ». By the way, he organizes 24.08.2007 a campaign on the Gaverla.

## **7. Mr Miroslaw Marinovich, Pro-rector of the Ukrainian Roman Catholic University**

**17, Svincickogo St., Lviv., Ukraine, 79000**

Mr Miroslaw Marinovich , has stayed which one 10 years in prison, and now is the pro-rector of the Ukrainian Roman catholic University, has asked present: «How so such high corruption on religious Galichina could receive, what? ». He has said, that the corruption has reached and roman catholic university. The university has preformed many graduates, but no on them from arrivals of demand. But whom is expedient to brake development of confessor in Ukraine?

**« Mission of the christian - citizen**

**In formation of the Ukrainian State »:**

The round desktop has enabled to put forward and considered following ideas:

1. It is necessary organization to issue national motion, which one has the purpose to introduce in socio-political life standards of christian moral, morals and confessor.
2. To actuate glorifying Andrew Shepticki, as «of largest prince Greek - Catholic Church».
3. To begin broad propaganda campaign till introduction at universities of Ukraine of a course «a Fundamentals of christian ethics, and also about prolongation of training to the bases of christianity at schools up to 11 classes.
4. To begin to print for mass media a series of materials «the Truth about Greek Catholic Church », and also « a True history of statehood of Ukraine / Gothey - Ghettmanshina».
5. To begin to inform the citizens of Western Ukraine on concrete capabilities of Papal Academy of Life and to begin to create bank of vacancies for a provision of employment of the graduates of Academy.
6. To be connected to all civil forces to fulfilment of the program of Integrated Nations (UNEP) «Plant

for the Planet», which one already is executed Carpatsky Institute of business of University «Ukraine) and Lvov Representation by name. W.Leontjef of the Azov Department of Academy of ES&E.

7. To begin mining the programs of support of Services God's for LVK and to begin the dialogue between christian Churches about joint celebration general(common) for the christians of significant dates.

We pay attention the christians to such methodological outcome elapsed on round desktop of a controversy. It is impossible without an alert to watch on revival of symbolics and philosophy of the Russian Empire in the Russian Federation. And really all peoples of Eastern Europe already have paid « a Moral DUTY » to a CIVILIZATION, when they abdicated from crimes of the Russian Empire (and these crimes was then very much!). This « the Moral DUTY » «was "paid" by a blood of the citizens of the Russian Empire in 1905-1924. For me for the grandmother all brothers have perished practically, and the grandfather - from 19 sisters and brothers still had only seven persons. What for today to cause(urge) the peoples of the Russian Federation to pay this DUTY of time yet ? The Christianian good understand these operations of a management of the Russian Federation, and also its supporters in Ukraine / Gothey - Ghetmanshina.
