On the first problem:

HAVE CONSIDERED the proposal of the Real Member of CIC and members of CIC from Spain of the doctor Ernesto Garcia, Juluo Atanse, Jose Luis Dolz and other - «To update a title of Civil International Committee on preparation of a World-wide public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York and at realization of local measures, and also in correspondence to use the reduced title of our public organization - Civil International Committee of an Intelligently - spiritual Unification ».

At discussion the JUDGEMENTS were expressed:

The Vice-Chairman of CIC, Dr. econ.scis., high scis empl., cand.techn.scis. Alexander V. Vasiljev (Muller) has underlined: « Certainly, for six years of activity we develop already some areas of activity and enough to acquaint only with titles 352 documents on Web-Page www.cic-wsc.org , which one all are subordinate to a main problem, but usually these directions are considered and are accepted by society apart. A number(series) of the interesting documents on designed directions usually hardly(usually with an effort) associate for many with necessity of realization of a World-wide Congress of a Spiritual Unification in New York. In the offered reduced title it is more actually latitudes and there is no constant reminder on the share in New York, that for many, specially, in Eastern and Central Europe will be more acceptable at perception of this or that information (unfortunately it so). Therefore proposal by the member of CIC from

Spain merits attention, and main - it is possible to consider(count) such approach in many respects justified. »

Chairman of CIC, doctor of medical sciences Ernesto Garcia has underlined: « It is impossible to be preserved a main purpose of creation of Civil International Committee, despite of all features of perception of this or that idea. »

The member of CIC Elena E. Gartung has marked: « Idea - to give more reduced title of organization is interesting and its expediently to accept. »

HAVE ACCEPTED the SOLUTION:

1). To consider(count) possible(probable) to use the reduced title CIC, namely «Civil International Committee CIC f an Intelligently & Spiritual Unification » in official correspondence with the citizens of the states of European Union, Asia, Africa, Australia and America and at accommodation(arrangement) of materials on pages of the electronic journal of CIC, that will allow is reasonable to open recent trend of activity of a non-governmental agency with the academic principles of organization.

2). At correspondence with official bodies and with the chiefs of the states, and also with Organization and e ě by institutes to use full, steadied for six years of activity, title CIC, namely « Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York », underlining it the main(basic) purpose of activity of a non-governmental agency from the moment of e ě of creation in November 12, 2001.

3). To consider the legally equally - acceptably reduced title CIC - « Civil International Committee CIC f an Intelligently & Spiritual Unification », and organized title CIC - «Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York», that is matched and does not call(cause) oppositions of the founders CIC - Azov Department of Academy of economic sciences and enterprise activity (Certificate of the Ministry of the Justice of Ukraine from May 21, 1999 for №113); and (SCE; the certificate № 13483833 from May 12, 1998) Institute of Economic – and Social and Cultural Researchers by name Olga W. Wasilievoy-Catholic (assignee DESMC DSC of an Academy of sciences of Ukraine)

On the second problem:

HAVE DISCUSSED the Proposal of the Real Member of CIC and members of CIC from Ukraine of the doctor Vasiljev (Muller) A.V., scientific employee Tuzovskaya M.G., bachelor Olga A. Vasiljev about Preservation of Memory about the Men of faith of economic science - Establishment of the annual Premium by name Golika/Guly/Karimova/Vsailjev-Kumpana.

(having expanded a title; and instead of the Premium of Golika/Guly/Karimova) for the best research work introduced on international Forums, which one annually are organized By « Civil International Committee CIC f an Intelligently & Spiritual Unification» in the INTERNET about performance of the information in the United Nations

At discussion the JUDGEMENTS were expressed:

The member Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York, member of Presidium of Azov Department of Academy of ES&E, member of Union of the Artists of Ukraine Lel N. Kuzminkov has underlined: « the Extension should be accepted the name of the annual Premium for the best research work. »

The scientific secretary (SCE) Institute of Economic – and Social and Cultural Researchers by name Olga W. Wasilievoy-Catholic (assignee DESMC DSC of an Academy of sciences of Ukraine), scientific employee Marina Tuzovskaya has noted: «In the extension of a title of our Premium the history of becoming of the academic public civil frame is visible. So per 1994-1995 educational years this Premium was named of a name P.S. Golika and L.I. Guly, which one was adjudged to the post-graduate student of stand «the Finance and credit, registration and audit» A. W. Tolstov for research «Becoming of the enterprise right in Pri-Azov and creation Azov Euro-Region», and per 1996-1997 educational years this Premium was adjudged to the post-graduate student PSTU A.I. Fedchuk for research «Creation trans-boardary of regional associations in Pri-Azov as path of preventing of an ecological catastrophe», but all this was conducted only in frameworks Pri-Azov of state technical university. However, after tragical maintenance(drift) from life in 1998. the General Director «of Union of the industrialists and businessmen of Mariupol» Igor K. Karimov already Premium of a name of a Golika/Guly/Karimova was adjudged to the manager stand of the Berdyansk state pedagogical institute, candidate of historical sciences Igor Igorevich Lyman for research « Religious aspect of activity Zadunajskogo Cossacks and Azov Cossack troops », on which one he has reported 18.12.1999 on CONFERENCE to 145-летию of a defense Pri-Azov under the direction of the atamen Signals Commands Azov (1854), dedicated Memory First Hettman Ukrainian Cossacks Wjacheslav Maximovich Chernovil. The member of scientific advice of Azov Department of Academy of ES&E Igor Igorevich Lyman then was listened by the scientists of Mariupol, Berdyansk, Donetsk and inhabitants village Nikolskaya (now Volodarsk) - all more than 250 persons, therefore and in a Rule about judgment of the Premium of a Golika/Guly/Karimova were spoken about actuation of the winner at once in the members of Presidium of Azov Department of Academy of ES&E (if he was the rank-and-file member of scientific advice; Or

in the members of scientific advice, if he was not included earlier in this convention of the experts). And on the expanded Presidium of of Azov Department of Academy of ES&E in 2000 in a location of the Greek Federation in Mariupol all collected have congratulated on election of the new member of Presidium of Azov Department of Academy of ES&E, cand.ist.scis. Igor I. Lyman. Such high level of presentation of scientific researches of the winners of the Premium of a Golika/Guly/Karimova was saved by us and in 2002, when to the post-graduate student of the Taganrog Institute of control and economics Larisa D. Mejynskaya for research « Modern development strategies Sea-economy of a complex on an example of ports of the South of Russia», reported April 20, 2002 on III of scientific - practical conference of the teachers and students TIC&E in Taganrog and on general meeting of scientific advice of Azov Department of Academy of ES&E in October, 2002 in Mariupol, was adjudged the Premiums of a Golika/Guly/Karimova with simultaneous actuation Larisa D. Mejynskaya in the members of scientific advice of Azov Department of Academy of ES&E (according to a Rule).

And such high level was possible to keep and in 2003, when May 30 on International scientific - practical conference «Law of Preservation of a Labor - methodical basis(fundamentals) of the future successes of firms of Ukraine, Russia and Poland: the first Sovetkin's-Taylor Readings (heritage D.K. Sovetkin and F. Taylor) », which one was dedicated to Memory of the professors of Russian Federation V/G/ Lebedeva, V.N.Kirichenko and professor of Poland Miroslava Mossakovsky, the chairman of the jewish Mariupol's society, cand.techn.scis., docent Igor Abramovich Kowalewski has acted with the report « a History of the jewish culture in Pri-Azov». His report recognized to the worthy Premium of a Golika/Guly/Karimova, and lecturer of membership in scientific advice of Azov Department of Academy of ES&E. By the way, National Academy of sciences of Ukraine on outcomes of international conference was information and main reports was sent on Web-Page www.cic-wsc.org .

In 2005 have tried to pay the greater attention to fundamental economic problems. So by the solution from 7.05.2005 the Presidium of Azov Department of Academy of ES&E has adjudged the annual academic Premium of a Golika/Guly/Karimova Irina O. Pavlenko for the report « Sources of the Keynesian doctrine and feasibility of Keynesian models today», prepared on competition «Ukraine on a boundary XX and XX1 of centuries - integration in world(global) culture». And not only us the information on Web-Page CIC www.cic-wsc.org , but also completely income statement of a scientific seminar «Geopolitical transformation of Eastern Europe and prospects for the development of high technologies was located. -Washington of Ukraine » (March 17, 2005, Conference hall) at the Odessa national university by name I.I. Mechnikova (see. The documents 119; 120 on www.cic-wsc.org).

Also in 2006 the information about conducted by the Odessa national university by name I.I. Mechnikova and Odessa branch of University "«Ukraine" of inter-regional scientific - practical student's-teaching conference « Ideas of youth of Odessa to Integrated Europe: the law of non destruction of an intelligently - spiritual labor" (March 23, 2006, Audience by name Bogatskogo in ONU)

completely was located in (<http://www.uuod.ho.com.ua/>) Internet with the full texts of the reports. , where the report « Problems of Spiritual education of youth » can. fith-mat.scis. Oleg W. Ogirko has called genuine concern., this report the Presidium of Azov Department of Academy of ES&E has considered to the worthy Premium of a Golika/Guly/Karimova, taking into account a urgency of intensification of spiritual searches of youth, on what, by the way, was directed and realized program « Seven Miracles of Odessa », located then also on <http://www.uuod.ho.com.ua/> .

Certainly, 2007 was on a scarcity difficult, but the research of two masters Tatiana Chernianchuk and Oksana Tanchinec « Re-engineering of marketing services in light of a law of preservation of a labor» really was interested by the faculty on scientific - practical conference « Carpathians native, my Ukraine (derivation, economics, business, ecology)» in April 25 (Khust, CIE University "«Ukraine", 2007). This article was published as the appendix in the manual « Re-engineering in light of a law of preservation of a labor in the beginning XX1 of century: the new paths of an improvement of work of administrative frames in growing to a wave perfectly have defended fifth large of Kondratjev's cycle » (Alexander V. Vasiljev-Muller, Valery A. Vasiljev), and Tatiana Chernianchuk and Oksana Tanchinec have examined very well of Magister's Works which reviewed by the professors of the Lvov National University by name I.Franka. Therefore their management of Azov Department of Academy of ES&E also has recognized as the worthy Premium by name Golika/Guly/Karimova/Vsailjev-Kumpana in 2007 »

The vice-president of CIC, Dr.econ.scis, high scis. empl.. Alexander V. Vasiljev (Muller) has paid attention: «Yes, is true we experience the third stage(phase) of becoming of our academic Premium. At the first stage(phase) on joint session of section of Scientific Advice of Institute of economical-legal researches of National Academy of Sciences of Ukraine in city Mariupol, scientific advice (SCE) «Institute of Economic – and Social and Cultural Researchers by name Olga W. Wasilievoy-Catholic (assignee DESMC DSC of an Academy of sciences of Ukraine)» and Representation AES&E of Russia in city Mariupol. By October 18, 1996 this Premium was established. Though the idea has appeared in the beginning of 90-s' years in connection with maintenance(drift) from life of the first accountant IESCR L.I. Guly (she has visited in a Chernobl's zone to the mother ; has reached Chernobl to Mariupol), but us then persistently convinced to found the Premium by name. E.P. Blavatskoy. For steep realization of necessity to save Memory of the comrades on activity and scrambling for settling-out of common scientific positions to us it was necessary to go through in 1996 Loss of the fine Person of Peter Semenovich Golika, scientific employee MD IELR NAS of Ukraine, member of section of scientific advice IELR NAS of Ukraine in city Mariupol, member of scientific advice IESCR, chairman of trade-union committee Azov Sea Ship. Therefore in 1996 we have made a large step in own spiritual growth(increase) and we had reclined on the academic traditions and frames - having founded the premium P. S. Golika and L.I. Guly.

Two post-graduate students PSTU **A.W. Tolstov** and **A.I. Fedchuk** (Mariupol) recognized worthy its.

After tragically maintenance(drift) from life in 1998 Igor K. Karimov, member of scientific advice IESCR, member of section of scientific advice IELR NAS of Ukraine in city Mariupol, member of scientific advice of Representation - branch of Academy ES&E, General director « of Union of the industrialists and businessmen » of Mariupol - we could try to keep grateful Memory of this person for Ukraine. Therefore also have founded the Premium by name Golika/Guly/Karimova.

Worthy its five persons recognized: candidate of historical sciences **Igor Igorevich Lyman** (Berdyansk), the post-graduate student of the Taganrog Institute of control and economics **Larisa D. Mejynskaya** (Taganrog), the chairman of the jewish Mariupol's society, cand.techn.scis., docent **Igor Abramovich. Kowalewski** (Mariupol), student of the Odessa national university by name I.I. Mechnikova **Irina O. Pavlenko** (Odessa), can. fith-mat.scis. **Oleg W. Ogirko** (Lviv).

Maintenance(drift) from life of the President - chairman of the Azov (Ukrainian) Department of Academy ES&E, director (SCE) «Institute of Economic – and Social and Cultural Researchers by name Olga W. Wasilievoy-Catholic (assignee DESMC DSC of an Academy of sciences of Ukraine), Chairman of Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York, member of Company 1817 "«Heritages" New York of an Academy of Sciences (since 2000), academician of Academy of economic sciences of Ukraine, academician New York of an Academy of Sciences, academician of Academy of economic sciences and enterprise activity, doctor of commerce, cand.econ.scis, high scis empl., professor of Carpatian institute of business of University "«Ukraine" Valery Alexandrovich Vasiljev (Kumpan-Muller) could have an effect on the academic award invoked to save about the scientist Memory for Ukraine.

Therefore Premiums by name Golika/Guly/Karimova/Vsailjev-Kumpana is considered(counted) worthy in 2007 already of two masters of BALES of University "«Ukraine" - **Tatiana Chernianchuk** and **Oksana Tanchinec** (Khust, Zakarpatye area).

However, who today should sign the Certificate, taking into account scheduled reorganization of Azov Department of Academy of ES&E and IESCR?

Probably, management(manual) of an international public organization which is generated(set up) with observance(holding) of the academic traditions, which one types forces and works with each year is more sure and more goal-seekingly. As this civil international public frame I consider(count) « Civil International Committee CIC of an Intelligently & Spiritual Unification », which one, I hope, will keep the academic traditions (see Web-Page CIC www.cic-wsc.org). »

HAVE ACCEPTED the SOLUTION:

- 1). To approve a Rule about the Academic Premium by name Golika/Guly/Karimova/Vsailjev-Kumpana (see appendix)
- 2) To adjudge the Premium by name Golika/Guly/Karimova/Vsailjev-Kumpana by results of participation in Forums of Civil International Committee CIC of an Intelligently & Spiritual Unification.
- 3). To entrust to sign the Certificate on judgment of the Premium by name Golika/Guly/Karimova/Vsailjev-Kumpana to a management of Civil International Committee CIC of an Intelligently & Spiritual Unification.

On the third problem:

HAVE DISCUSSED the Proposal of the vice-president of the Azov (Ukrainian) Department of Academy ES&E, Dr.econ.scis., high scis empl. Alexander V. Vasiljev (Muller) on correction of a Rule about judgment of the Academic award « Medals of Metropolitan Gotheya and Cafa, Sacred Ignatius ».

At discussion the JUDGEMENTS were expressed:

The member of Civil International Committee CIC of an Intelligently & Spiritual Unification, member of Presidium of the Azov (Ukrainian) Department of Academy ES&E, member of Union of the artists of Ukraine Lel N. Kuzminkov has marked: « the Academic award « the Medal of Metropolitan Gotheya and Cafa, Sacred Ignatius » is adjudged to a rather small circle of persons. In 1999 it were:

- the Founder of international charitable Fund of Mercy by name Pan Hlystuk, the Colonel Ukrainian Cossacks Hlystuk, Valentin Dmitrievich «for the contribution to conditioning for development of confessor and culture which has founded more of 30 firms of Fund in Pri-Azov, and for tendency to back up researches on a history the Azov Cossack troops »;

- the President of the Crimean Academy of sciences, academician of a Petr's Academy of sciences and arts, professor, doctor of biological sciences Valentin Fedorovich Rusjaev «for support of efforts on development of fundamental social and economic researches in Pri-Azov and for fissile participation in preparation of cycle of activities P-47 « the Main(basic) theoretical-and methodological problems of overcoming of system crises» (highly evaluated this award) ».

In 2001 it was some professors of Poland, which one not have perceived all uniquely it, but the initiative of their decoration was backed up by the President of a Polish Academy of Sciences, professor, doctor of medical sciences Miroslav Mossakovsky. Therefore director of Center of the Warsaw University, professor Michael Dobroczyński, written 57 books and 500 articles on 21 languages, October 20, 2001 on International scientific conference in Warsaw with large thanks has accepted a Medal « of Metropolitan Gotheya and Cafa, Sacred Ignatius », and his present friends sincerely have congratulated the professor on such estimation and recognition.

In the same year a Medal « of Metropolitan Gotheya and Cafa, Sacred Ignatius » have handed over three outstanding people from USA, and the known American writer «De-Sent-Ekzupery USA » Clayton Davis (10000 hours has flown this Writer - Pilot) in the sign of respect and its of the special significance has placed this award among three most expensive(dear) documents on the international electronic page <http://www.geocities.com/cd19> (everyone can see a Medal and Diploma to her « Awarded St. Ignatius Gold Medal by Azov Academy, Russia » on <http://www.geocities.com/cd19>).

In 2003 this recognition was received by the First Vice-chairman of Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York, Dr Ernesto Garcia «for fissile activity in Civil International Committee and for creation of the Electronic Log-book of Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York (Web-Page CIC www.cic-wsc.org)».

In 2004 g the Medal « of Metropolitan Gotheya and Cafa, Sacred Ignatius » was transferred(handed) to the extremely high - spiritual and principled descendant known in Eastern Europe Gartungs, which one was bent by artificially generated(set up) difficulties, and he on last limit all the same managed to conquer dark forces (see letters in name of E.G. Gartungs from Kiev's Mayor).

In 2005-2006 the idea of rendering of moral support by appropriation of a Medal «of Metropolitan Gotheya and Cafa, Sacred Ignatius » to the outstanding economists of a World, Winners of the Premium of memory Alfred Nobel on economics was actively discussed. All these GUIDELINES were approved By Presidium of the Azov (Ukrainian) Department of Academy ES&E and they were published in the Reports № 11 and № 19 - of the Azov (Ukrainian) Department of Academy ES&E, IESCR and Civil International Committee, which one were mailed in the Library of a Congress of USA in hope for the subsequent acquaintance to them of all interested persons. However informations on obtaining the Reports and till 2007 did not act(go). Therefore implementation of this initiative was braked.

In 2007 we managed to find the worthy candidature. And the Medal « of Metropolitan Gotheya and Cafa, Sacred Ignatius » was handed to the extremely highly professional chief in Zacarpatsky Region, which one commits, probably, most progressive for Ukraine today activity. And we hope that its the handing will render the same positive effect, as it was watched by us till now.»

The vice-president CIC, Dr., high scis empl. Alexander V. Vasiljev (Muller) has paid attention: « Certainly, we aim and we keep a principle of handing by this spiritually of significant award without any airs. Main - to transmit a Medal «of Metropolitan Gotheya and Cafa, Sacred Ignatius » in arms(hand) of the worthy person, and it is him already selection to speak about its in mass media whether or not. In general, we cost for fluidized, extreme retiring response. You see main - feel of severe spiritual support for the owner by this «materialization of MEMORY of Intelligently - spiritual EXPLOIT of the Moseses XYIII of century of the Sacred Ignatius, Metropolitan Gotheya and Cafa », which one in that time has made impossible, but so the MINISTERING, necessary today To mankind.

It is interesting, that the Central European Initiative - Spring - 2000 dedicated creation of Club of the members of the New York Academy of sciences in Central Europe, when May 14, 2000 in Warsaw have agreed the main(basic) purpose of Club and were defined(determined) with the candidatures of two Vice-presidents of Club and its two secretaries, having signed the appropriate document, has given actual outcome. Its has allowed in the same year by the joint solution of international organizations to approve a Rule about judgment of the Academic award « Medals of Metropolitan Gotheya and Cafa, Sacred Ignatius ». Therefore, apparently, that all transactionses and business trips in Warsaw organized in 1998-

2000 by the academician AES of Ukraine, Dr. Valery A. Vasiljev, have given much more expected.»

HAVE ACCEPTED the SOLUTION:

- 1). To approve a Rule about judgment of the Academic award « Medals of Metropolitan Gotheya and Cafa, Sacred Ignatius » (joint solution of international organizations) in edition of 2000, having recognized its by the maximum award of Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York (see appendix)
- 2) To adjudge a Medal « of Metropolitan Gotheya and Cafa, Sacred Ignatius » by results of discussion of the candidatures on Forums of Civil International Committee CIC of an Intelligently - Spiritual Unification.
- 3). To entrust to sign the Certificate on judgment of a Medal « of Metropolitan Gotheya and Cafa, Sacred Ignatius » to a management(manual) of Civil International Committee on preparation of a world(global) public opinion for realization of the First World-wide Congress of a Spiritual Unification in New York (taking into account scheduled reorganization of the Azov (Ukrainian) Department of Academy ES&E and IESCR).

On the fourth problem:

HAVE DISCUSSED the Letter to Minister of foreign affairs of Ukraine Boris Ivanovich Tarasuk of the President - chairman of the Azov (Ukrainian) Department of Academy ES&E academician of Academy of economic sciences of Ukraine, Academy ES&E and New York Academy of Sciences, professors of CIE, doctor Valery A. Vasiljev, which one was dictated by tendency positively to influence preservation of a course of Ukraine on integration with European Union. He, in particular(personally), wrote 18.11.2006 r: « to me always it would be desirable to see Ukraine in European Union, to see its democracy and secure for Ukrainians. ... But situation in Ukraine today very alarming. Specially, I am alarmed by the future of external policy of Ukraine, attitude(relation) to its in a World. Apparently, that You cannot escape a post(station) of Minister of foreign affairs of Ukraine. But than You the old man per the 77 years can help, which one already not for long needed to sign and to write the letters? Probably, only by facts, which one will give «on arms(hand) », even to two - three villains, which one are torn to external policy of Ukraine to transform its again into a puppet. Therefore I refer You the documents, which one testify to wrongful acts in flow more of 1,5 years in Donetsk Region in city Mariupol of the whole command of the officials, which

one were supported by the officials in city Donetsk and in city Odessa. Only from city Khust I have a capability to route You these pension documents, which one for me in the near future already will lose any value. But today yet I can pay your attention to that iniquity, which one is organized by all by the one who really abhors Ukraine and its future, attempting it is morally to knock down the scientist, which one does not want to support the criminal chiefs in "«under-Moscow" areas. ... Very much I want, that it has helped to You to keep a course on integration of Ukraine with European Union.»

At discussion the JUDGEMENTS were expressed:

The vice-president CIC, Dr. Alexander V. Vasiljev (Muller) has paid attention: «the Letter with a large transactions, but all the same has reached the Ministry of Foreign Affairs of Ukraine. But answer to Valery A. Vasiljev has signed by the director of Department A. Zajyc 12.12.2006 (№ 101/19-091-753), i.e. that day, when Valery A. Vasiljev this world is left(abandoned). I obtain the letter in Khust in general somewhere in January, 2007. Apparently, that there is a sense to finish the contents of such infrequent document all the same up to Boris Ivanovich Tarasuk, as level of the international recognition of the writer of the letter - Valery A. Vasiljev (Kumpana) not any scientist -economist in Eastern Europe soon can reach(achieve). Last Boris Ivanovich Tarasuk perceives as anybody other in Ukraine».

Ukraine with European Union, as it, specially, has sounded in last letters and documents of the Outstanding Economist Valery A. Vasiljev (Kumpan).

It will allow to keep in grateful MEMORY of the economists and businessmen of a World names of the Winners of the Premium of Memory A. Nobel on economics, including about Wassils Wssilievich Leontjef.

At discussion the JUDGEMENTS were expressed:

The vice-president CIC, Dr. Alexander V. Vasiljev (Muller) has paid attention: «the Given initiative is particularized in materials sent to a management(manual) Zakarpatye Hungary of Institute by name F.Rakoce II and management of several Universities in Hungary (see appendix). Undoubtedly, in this or that form(shape) the given initiative will be realized at universities of Europe, since its allows to not admix scientific professional work with business.»

HAVE ACCEPTED the SOLUTION:

Factory 1 "«A", Zakarpatye area).

HAVE ACCEPTED the SOLUTION:

- 1). To execute(come true) in Zakarpatye in Intermining region the program of the United Nations «of a Plan to Planet: landing of Billion of Trees in 2007» including of students of Carpatian Institute of business of University « Ukraine » (The United Nations Environment Programme (UNEP) has launched a major worldwide tree planting campaign.
