

## **FROM HEART To HEART: HOW TO MULTIPLY FORCES of GOODS?**

On ground there is today no person, living 200-250 years. Very little people live more than 80 years. The digenesis happens in mankind objective and regularly and while there are no actual means to change this steady repetition. And whether will it on advantage to mankind was - difficulty say.

This repetition, as well as hundred substantially existing biological and natural cycles (from « centuries Brahma» -31104000000000 years to « to Day Brahma» - Golden Age (1728000 years) - Argentine century (1296000 years) - Copper century (864000 years) - Iron Age (432000 years) and before the most small period - «truty» (1,5 seconds); NOOSPHERA's Kondratiev-Shumpeter-Mensha cycles; the Kuznets cycles etc., cause all of us to realize, that all of us live in a very composite and interdependent world.

For thousand years of the existence the Mankind was created by such diversity of cultures and beliefs, that from time to time it seems impossible to find even general and acceptable for all rules in the political installations of the public figures for all inhabitants of the Earth. But it is apparent ibexes. The person in all angles of a planet equally admires with immense depths of space, sidereal palate and wisdom of the NATURE. He aims in composite situations to address to an internal voice of the conscience and finds general for all people moral principles, which one then names by the natural DEATH. He attempts himself to answer all Great problems of Universe, keeping after himself of the certificate of the creative genius in rare on beauty language designs, in monuments of culture and art, in literary, technical and scientific creativity.

Him of creation optimism merits most steep respect and delight. He manages to create aspirations most complex world outlook designs, which one testify to huge desire to initiate with transformation of a Universe on principles of GOODS and JUSTICE. The names Christ, Imam Mahdi, Messiah, Bodhisattava, Ortega y Gasset, Platon, Gegel, Piotr of Lavrov, Aristotel, G.Vico are known at Universities of all World. Their generalizations and the theoretical designs cause to work thought of tens generations of the young people and are the basis of activities of the contributors and teachers in all angles of a planet, which one today have realized that the human thought can creating and in an actual material world. This first, but the fundamental bridge between representatives of science and faith has allowed to conduct world-wide intelligently - spiritual shares, directional on multiplying of forces of GOODS and BEAUTY.

Such Great for World of the shares, as Olympic Games, World Congresses of the Spiritual Consent and the Unification are already carried out or are scheduled to realization. But we are convinced, that there are also other, unknowns still to us of the form multiplying of FORCES of GOODS. Therefore we ask all people to whom of a road the main intelligently - spiritual value our imperfect, but for all of us a unique civilization to think and to offer the INITIATIVE IDEA, « the FORMULA of SUCCESS » for developing MANKIND.

We trust in good will of all inhabitants of the Earth. We trust on the strength of GOODS and LOVE. We with Your support shall manage to organize most severe and useful for the people on all continents of the share and measure.

# The Great Invocation

From the point of Light within the Mind of God  
Let light stream forth into the minds of men.  
Let Light descend on Earth.

From the point of Love within the Heart of God  
Let love stream forth into the hearts of men.  
May Christ return to Earth.

From the centre where the Will of God is known  
Let purpose guide the little wills of men –  
The purpose which the Masters know and serve.

From the centre which we call the race of men  
Let the Plan of Love and Light work out  
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

Many religions believe in a World Teacher or Saviour, knowing him under such names as the Christ, the Lord Maitreya, the Imam Mahdi, the Bodhisattva, and the Messiah, and these terms are used in some of the Christian, Hindu, Muslim, Buddhist and Jewish versions of the Great Invocation.

Men and women of goodwill throughout the world are using this Invocation in their own language. Will you join them in using the Invocation every day - with thought and dedication?

By using the Invocation and encouraging others to use it, no particular group or organisation is sponsored.

It belongs to all humanity.

The Great Invocation is a world prayer, [translated into almost 70 languages and dialects](#). It is an instrument of power to aid the Plan of God find full expression on Earth. To use it is an act of service to humanity and the Christ. It expresses certain central truths which all people innately and normally accept:

- That there exists a basic intelligence to whom we give the name of God.
- That there is a divine evolutionary Plan in the universe—the motivating power of which is love.
- That a great individuality called by Christians the Christ—the World Teacher—came to Earth and embodied that love so that we could understand that love and intelligence are effects of the purpose, the will and the Plan of God. Many religions believe in a World Teacher, knowing him under such names as the Lord Maitreya, the Imam Mahdi, and the Messiah.
- The truth that only through humanity itself can the divine Plan work out. By means of invocation, prayer and meditation divine energies can be released and

brought into activity. Men and women of goodwill of many faiths and nations can join together in world service, bringing spiritual value and strength to a troubled world. Men and women have the power, through focused, united invocation, to affect world events. Knowledge of this fact, scientifically applied, can be one of the great liberating factors within humanity.

No one can use this Invocation or prayer for illumination and for love without causing powerful changes in attitudes and life intention.

As we think in the heart, so are we.
