

## WHAT TO DO WHEN THE EVENT ARRIVES?

Beloved cosmic family. Welcome to the WE ARE ONE Channel. I bring messages from the HIERARCHIES OF LIGHT.

My dear. We are going to address another topic here related to the line of thought of all of you who follow this channel and also take the opportunity to answer some questions that many of you still have.

Today I bring as a topic titled in this audio “What to do when the Event arrives?”, so we are going to address this topic to clarify these doubts. We will also talk about the reversal of the magnetic poles, remembering that the magnetic poles are not the geographic poles. We will also discuss the tilt of the Earth and how it affects the incidence of light received. We will also talk about the magnetic grid,

placed around the Earth by beings of the No Light, in order to imprison and keep all of humanity in quarantine. If there is time we will also talk about multidimensional Portals and communication with other civilizations, Ley lines, pyramids and cetaceans as anchors of the Earth's energy, the oceans as an energy source and Placton.

1.-What to do when the event arrives?- We cannot know when, or how, or in what way we will face this event, if this event exists, since we have events every day. What to do when this MAXIMUM EVENT arrives? There is a prediction, so let's prepare so that nothing bad happens. Above all so that no one has to go through unnecessary fear. All future events are synchronized, controlled and organized within the DIVINE PLAN.

Yes, that DIVINE PLAN is the best for humanity, because it means the final liberation of the souls incarnated on Earth. Would anyone be afraid if they were imprisoned and received the news that they would soon be released and would finally be free? Obviously, no one would be scared, rather it would be a cause for great joy and celebration and especially if it happens, I think there will be a moment that we will define as an EVENT, although it will be the "final hammer blow", or as they say "Final Point", time has passed! finished!. When that time comes, it will definitely be the liberation of souls from the yoke of a system of trials and atonements, where pain and suffering were always a very real possibility.

Deliverance from this cycle of testing and atonement will truly be a wonderfully great and all-important thing. So, to begin with, you don't have to be afraid of the Event. The most important point is that we should not fear, because those who are in CONTROL (GOD\*) are the ones who created us. The ENERGY OF CREATION is also the energy that will move all events so that the Earth finally makes its transition and humanity, the souls, ascend. Some guidance comes vaguely and says that many of us are, or will be, prepared to help those who will eventually be scared or won't know what to do. Probably you, who are here in this group, in this family that I always say we are a family here, are aligned in a more or less similar frequency, a harmony, an affinity. That's why the orientations come and you absorb them because you are going to need that information, otherwise you would be in another group where the orientations are a little different, so if you are here you are probably in the group that will help

those who need it. That is why sometimes we feel alone within families, within groups of friends, no one is in tune with our ideas. Why? Because it is not necessary.

We are here, in a family of souls prepared to receive the necessary instructions and act when the time comes. I like to quote here a phrase that I have been repeating for the last 8, 9, 10 years. Although we do not have the exact information, whatever the Event is and in whatever way it is, it will be “something different” and when this “something different” arrives, we must simply rationalize and say to ourselves: “So the Event is here, This is because even people who consider themselves awake still have a certain fear inside them. It gives chills to think about certain things such as the “Event”, such as contact with the “Extraterrestrials”, among other information that we still do not fully understand and it is normal to feel that.

Don't worry, no one enters a forest, no matter how familiar it is, without taking a little caution, a little guidance to feel at least a little safe, and the Event brings us that perspective and that uncertainty, and it is normal that we all have always some doubts and what are we going to do!, but what I am saying here, serves, has served and will continue to serve, we just have to understand!

So we have finally reached this point. Regarding the Event, I think there is not much more to say because we do not have much information or certainty, but we can say that this Event is already bringing something that many people mention without really understanding what the reversal of the Earth's magnetic poles means. Many think that the South Pole and the North Pole will change places. It is not like this. Those are the geographic poles. If they were changing, our Sun would not be following the same path it does, it would be obvious. The Sun would already be moving in a different path, so the parts of the house that last year in June received sun and shade at certain times of the day would now be different. But it's not like that. Everything is exactly the same as before. What is changing are the magnetic poles. What does this mean?. It is understandable that the magnetic poles are those that guide directions, sensors, including animals, especially compasses and sensory orientation. In fact, there are some problems with cetaceans, whales, dolphins and some species of birds. We have some reports, although very few yet, but some sensory disturbance is already noticeable, especially in some animals. I would say that for humans, no one is

noticing this disturbance that we feel symptoms of various types, of different sensations, that we did not feel before. Many are related to this sensory issue, due to the reversal of the magnetic poles.

I like to explain it the way I understand. Sometimes they are words that work for some, but not for others, because everyone has their own interpretation. But some information that I received around 2016 said that originally the earth was not inclined at these 25° and that this inclination was caused by the Shadows when the Earth received what we call the Archons, those of the NO LIGHT, who over time made what they did to humanity. These races came here around 350 years ago, although we are not sure when they caused this inclination in the land. They have technologies for that, making the Earth tilt 25°. The light coming from the Sun does not enter directly into its magnetic axis. It enters from the side, like a side impact, like in a two-car collision. It does not enter from the front, but rather from the side, thus diverting the Light. And the dimming of light on Earth caused an even greater imprisonment of our consciousness. That's why it makes a lot of sense when we understand that everything is Light, everything is energy, everything is frequency.

One thing we are sure of is that in this last PLEIADIAN CYCLE that we call the MAYAN CALENDAR of 25920 years,

***Fig 1.- Mayan Calendar***

Not only was the tilt of the Earth already done, but a magnetic grid was also created around the Earth. A magnetic grid is like a spider web with no space for beings from other orbs, BEINGS OF LIGHT, which are the opposite of NON-LIGHT, to obviously come here to liberate humanity. They created a kind of wall so that no one could pass through. With this magnetic grid they also closed the Portals.

We know that communications between worlds are not carried out by ships. The ships would take a long time, even if they traveled at the speed of light. There are planets and stars 40-50-100,000 light years away. You can travel through the Portals in a few minutes or seconds. So they created this magnetic grid, they also closed these Portals and left only a few portals that only they would use to communicate with their origins, their planets and stars of origin. That's why it took so long for the Earth to free itself, because there was no possibility of entering here.

Some channelings brought us data that only back in the last century, around 1970-1980, it was actually possible to open some portals, just some. With this, some ships of Beings of Liberation, Beings of Light, began to arrive. And only now, in a matter of a few years, between 4 and 6 years, is that the magnetic grid began to dissolve.

Once this grid is punctured, it is like a balloon that loses air, it begins to deflate. Once this grid was pierced, the dark ones, those of the NON-LIGHT could no longer correct these holes, nor block the passage even though they had scalar plasma weapons. Investigate top-lets that are bombs- they say top-lets bombs. You'll understand a little bit about what that means. They are extremely powerful weapons, thousands of times more powerful than an atomic bomb known to humanity. They threatened the destruction of the planet and its humanity. It was the Armageddon line, which we have talked about so many times here.

Once this magnetic grid was pierced the balancing also began. Little by little the BEINGS OF THE ALLIANCE OF THE EARTH, THE BEINGS OF LIGHT, began to invade with more and more ships, true armies of PLEIADIANS, SYRIANS, ARCTURIANS, ANDROMEDANS and so many other families of Almas and began the cleansing. We have already seen this cleanup mentioned here around 2016-2017. It began deep down, in its bunkers and then descended

through the hierarchy until it reached the thresholds of the Earth, where the incarnated were, who at that moment were disembodied and who took pleasure in evil and fed humanity with their ideas and theories of evil. And so they were also swept from the thresholds. It was now from 2019-2020 when the cleansing really began in the representatives of the Shadows who are incarnated. They gradually lost power, because the magnetic grid was destroyed. They no longer have communication with their worlds of origin, so the portals were closed and the portals of Light, pyramids, Ley lines and vortexes of the Goddess began to activate because they already existed here.

**Fig 2.- Pyramids of Egypt**

The pyramids were ancient energetic portals that anchor the energy of the Earth directly with the energies of stars and frequencies of higher dimensions. Joining these pyramids were the Ley lines that I have also talked about before. Ley lines are vortices that are in lines like rivers that cover the entire planet and connect the pyramids that are the portals. So these vortices also serve as portals or mini Portals. And that is why the dark ones tried in every way to close these vortices. Many of them are vortexes of the Goddess: God the Father-God the Mother-God the Son. This is very important, which is why there is so much problem between the masculine and the feminine on this planet.

**Fig 3.- Ley Lines**

Why the Mother-Goddess was suppressed by the dark ones long ago. The energy of the Goddess, the feminine was suppressed. We have information that the Vatican itself, which was created long after the coming of Christ, was created by those who were in charge at that time on Earth. That's why the Kings chose the popes and the popes chose the kings. It was quite a festival and the Vatican created their Catholic religion and placed monuments like cathedrals in each vortex of the Goddess and thus they took control.

They had control of communications with the Galactic beings, because they had the key to the vortexes of the portals. In short, the work was so well done that only help from outside the Earth could destroy it. And thanks to the DIVINE PLAN it was achieved and finally with the change in the earth's timeline in 2010 there is nothing more that can prevent the liberation of humanity. It is a matter of time and it is sealed, because in the highest Spheres, in the highest consciousnesses it is already finished. The end is already known. We no longer have any risk of the destruction of humanity on the planet.

So the magnetic grid is now being controlled and used on behalf of humanity by the LIGHT, changing the tilt of the axis or remaking this new tilt that existed previously. It also allows the Light to come, that is why the tilt is already happening, or the change of the tilt, because it was tilted and now it will return to its originality.

The LIGHT, which is more powerful, also enters with more force and this is destroying the grid even more. It is freeing consciences. It is dazzling the dark consciences that cannot stand the LIGHT. So they created the bunkers to hide under the Earth, because they believe that by hiding under the Earth they can survive when the Flash comes. But it is impossible, because this Solar Flash will pass through the entire inner center of the Earth as well.

There is no place outside the Earth's crust, nor within the interior of the Earth, that will be immune to this incidence of LIGHT. And that is what we have seen now, recently, in which "Someone", I will not mention names here, who officially put in the media that he wanted to develop a multi-million dollar plan, obviously to raise resources, to put a shield between the Earth and the Sun in order to prevent the arrival of sunlight to Earth, arguing that it would reduce the Earth's temperature.

There is always an excuse for every action, but nothing will work. Nothing, absolutely nothing, is going to change what is written, what is defined and what is already concluded, even. So the multidimensional portals that are scattered in many places on Earth, mainly inside the pyramids or under the pyramids, on those ley lines, where there are vortexes, and in other places mainly in the oceans and within the oceans we have the cetaceans that anchor the energy of the Earth through these Water Portals. The cetaceans are directly connected to the Sirius Portal.

***Fig 4.- Sirius***

If it were not for cetaceans, the Earth would probably not have the frequency to complete its transition and Ascension. The cetaceans have done a wonderful job, that is why they are going to finish their Mission. Many are already leaving planet Earth, because they are also consciousnesses and this clearly has to do with the change of the magnetic axis, which is their sensor, so they get lost, disincarnate and die. But it is because its end has also come.

I don't know if we are going to have cetaceans on the New Earth. Maybe there is another consciousness because this one here is finishing or has already finished its work. So it's a matter of time they will return to their home worlds, obviously, or they will take on a new consciousness for the New Earth that will change everything.

These multidimensional portals now communicate only with worlds controlled by the Light. The Earth is already part of the Galactic Federation of Worlds, because it was liberated from the hand of those of the No Light and now there is an influx of Beings of all types and of all races, who come here in this END OF

CYCLE to contribute something, be it technology, magnetic aid or simply a booster to complete the cleaning.

***Fig.-5 Galactic Federation of Worlds,***

They are all here, without any restrictions. Some contact details are missing. Before contact we will have news that they exist. We need to understand that they have always been here for a long time, even when they were prevented from coming they were there outside the Earth's atmosphere waiting for an opportunity. So we have never been left here abandoned. We have never been forgotten by the DIVINE PLAN. We have only been through a difficult time, the time when the shadows took the Earth as their own and imprisoned humanity to enslave them.

That time of Slavery, of debt and work, because that is what those of the no light came to do here with us, those times are coming to an end. It is the end of the line, so the new systems that will come will change everything we know: religious, financial, governmental, energy, health, transportation, scientific systems,... whatever it may be. Everything is going to change.

Because they had taken control of the systems, any human being who had a brilliant idea or discovered a new technology, if it was not approved by the system, was not going anywhere. That's what happened with Tesla. That is what happened with the medical scientist named Wilhelm Ruge who developed the Organic Box, a prototype of the med-bed and with so many discoverers, with so many technologies, free energy, teleportation. Everything that does not

generate benefits was suppressed because it had to submit to the system, and we have seen recently that any person, whether within a religion, within politics, within science, within health, within the educational field, Anyone who thinks about the good of humanity but really about the good not in the narrative is persecuted. Because? Because the system opposes the Matrix and that Matrix really has to be completely dissolved and it is already dissolving. It will not be long before we see the truth, the revelations, the Apocalypse.

We are living in the time of the Apocalypse. We are already inside it. It won't be long until it ends and the cetaceans are fulfilling their mission. It will not be a surprise if they disappear, because we will see how many races, species of animals and plants will disappear and others will emerge. now in this time of transition. All within the new energies of the earth, we see that in the oceans in addition to cetaceans there is another great potential that has not yet been disclosed or has not been studied, or perhaps it has been studied but nothing has been shown, which is what It is known as plankton.

Plankton is the most important energy in water and has not been used for anything until now. It is said that there are some breeds or species of fish that feed on seedlings. I don't know, I don't have that information, I don't have anything scientific here and with me, I only have what is transmitted to me through higher consciousnesses that sometimes I don't even know what the situation is.

They tell me they are living organisms that float in the waters. They can be photosynthetic beings or luminescent things, like small animals. So if you investigate, you will find something about bioluminescence it is true if some things exist in fact everything that exists has somewhere written why you cannot erase everything that is written, even if it is true. So many people see lights over the waters, in the waterfalls, in the forests too, sometimes those colorful lights that are seen are those plankton, especially over the waters.

But as we know, plants have a lot of water. Regardless of all this, there is some indication that now in the final moment of the transition, we will know what these planktons really are and what they are for. They are going to be very important. We still do not have more information channeled, so we are in expectation but I would say that the indications tell us that it is a fundamental energy source that

we are going to use in this final transition period for at least the next 20 or 30 years until the true end of the planetary transition in 2030.

So with new technologies, new energy sources and new ways of living on this planet, we are also going to have something related to planktons, this fantastic energy that has always been there, has been waiting for its moment, just like we all wait for our final mission. The animals have their final mission. Plants have their final mission. The planet has its final mission. The elementals have their final mission. We, humans, each one has their mission individually and as a collective as well and there are also the missions of our Galactic brothers and all this is part of the MAJOR PLAN which is a PERFECT PLAN.

WHAT TO DO WHEN THE EVENT ARRIVES? So, also answering the initial question, I would say first of all: - don't be afraid. Secondly, you will know what to do. You will be inspired, and if you don't know what to do, relax and vibe, vibe high. Celebrate and have a party, because when we hear the sounds of the EVENT, the party will have already begun. It will be a moment of celebration, not of fear or dread. There will be fear and dread, yes, but those that vibrate in fear and dense energies.

You will not feel anything negative, on the contrary everything will be positive, wonderful, fantastic and so, now I leave you with my hug of Light for each of you.

*Remember that the Fifth Dimension is a vibrational state and that the choice to vibrate on the NEW EARTH is personal and involves an internal awakening, a process of raising one's own vibrational frequency. It is a journey of self-discovery and connection with the Divine within each of us, a transition towards a state of Love, Harmony and Unity. We wish you blessings in your life.-*

*Thank you thank you thank you*
