

LET GO AND SURRENDER TO THE DIVINE ☉ LIGHT WORKERS

Welcome my dear and beloved brothers and sisters. Listen carefully and receive with love the following message.

I am Archangel Michael. I come to be with you at this time, as much is changing in your world, not only in the outer world but also in your inner world. Everything is in confusion. Everything is in motion and vibrations. In fact the vibrational frequency is increasing on the planet, which has the effect of extinguishing the old vibration, the old lower vibration that brings change. It is about a change in your life now. The change because you are moving with this higher vibration and you are moving through the process of drawing light which is drawing Light. You find that you are no longer comfortable in the old vibration or in the lower vibration. You all know that, you are attracted to higher vibrations and people of similar vibrations, so sometimes you can feel like an outcast. You may feel isolated. Isolated from friends, family, loved ones, but that is to be expected. It is part of the change process. Of the transition that you are going through, and all of you are going through this transition. Some have more difficulty than others, but you get through it anyway and none of you, none of you need to feel like you're not doing enough, or not doing what you're supposed to, because there's no need to do it. Just have to do. Do what you

feel in the moment, as long as it follows the universal laws, and at this point, my friends, you really are not capable of not following the universal laws. Certainly there are people in your world, who are capable of this, who do not follow the universal law, they follow the law of themselves, of their own ego, but you do not follow it. More and more people are following you now. You, the expression of the collective conscience that is you, and you are that, you are the collective conscience. You are creating every expression of life in every moment. You are creating the new golden age of Gaia, so know that you are evolving each day as you move through each moment, each day. You create what comes beyond that moment, creating the next moment and the next and the next. And the collective consciousness is coming together to bring about the downfall of the Cabal. The fall of the forces of darkness, here on this planet. And, yes, there is a battle going on and I, as Archangel Michael and all my angels who work with me, and all the Galactics, who work together with me, as well as all of you, who pave the way, guide the way, work with me. , both in their dream state. Only in your conscious state and in your unconscious state. We are all working together, to end the forces of darkness here on this planet. And yes, you are indeed going to see the fall of this Cabal. You will see more and more signs of this as more and more of the Truth is revealed. And more and more of these bastions of evil will be destroyed, because there can be no evil. It cannot exist at higher vibrational frequencies. It's not possible. Know that you are entering a new phase now.

You've heard it before, but I'll say it again now. A new phase of higher vibrations is upon you. You will notice. You'll notice this as you go about your day and suddenly feel a feeling of happiness come over you and you have no idea where it's coming from. It's right there, but you bask in the glory of that higher vibrational bliss. She is there for you. She is here to keep holding you up and taking you higher and higher, over and over again in each moment. Because one day you will discover that every moment of your life will be in this joy, in this bliss. this occurs. He is destined she is a part of all of you.

I am Archangel Michael and I leave you now in peace, love and unity. And may you continue to be the Warriors, the Warriors of Light who move before me and all who work alongside me. You precede us and continue to lead the way. Because you are, in truth, the showers of the Way.

You are blessed, today, tomorrow and forever.

We send a very strong and tight hug to each of you

We are the light workers
