

THE PLEIADIANS ARE GUIDING US (The Glory of I AM) January 2022

The Pleiades star cluster lies about 400 light years away in the constellation of Taurus, its Solar System has seven stars all with planets and moons. There are about 1000 different species that live in the Pleiadian System, and they live in harmony and peace. The Pleiadians are highly advanced beings who achieved spiritual enlightenment many thousands of years ago and thus live according to the principles of love, peace and harmony. They do not interfere in the affairs of other species unless it is to help them. The Pleiadians can travel anywhere in the Universe at will, using interdimensional means of transportation. The Pleiadian Civilization is a collective of humanoids who have come together to form a prosperous society in a star system known as the Pleiades. The Pleiadian Civilization is also known as the PlayKaren or Pleiadian Civilization and their homeworld is called ESRRA. Yours is a civilization that has mastered its emotions and lives in a state of grace, joy, and unconditional love. They have graced this planet with her presence to help raise the vibration of Mother Earth, her humans, and all life forms. The Pleiadians originate from an alternate dimension that is not visible to the human eye, but can occasionally materialize in our dimension. They have been visiting Earth for thousands of years and have shared a great deal of wisdom with humanity through channeled messages. They are humanoid in shape, and just like humans they have various colors of skin, hair, and eyes. They don't seem to age at all throughout their lives and live for thousands of years. The Pleiadians have technology that is far superior to anything we can currently create on Earth.

They have mastered many areas of science including quantum physics, space travel, teleportation, and more. They have been called the bearers of knowledge, because they have shared their wisdom with us throughout our history on Earth. They consider Earth their adopted home and have been working to help Humanity since they arrived here thousands of years ago. The Pleiadians are a group of collective souls that share a common origin, much like humans here on Earth but would create they did not evolve from a species that was less dense than humans now, many of them reside on Earth to help us in our transition to the golden life, as well as to help us with the ascension process. The Pleiadians have a wide range of abilities including telepathy and telekinesis. Some of them can read the akashic records. They have a wide range of ships that they use to travel and transport goods throughout the Universe. Some of these craft have been seen with humans on Earth. Many people on Earth will be able to connect with them through channeling in the future, because their ships eventually land on Earth. The Pleiadians are here to help make Earth a better place. Its goal is to help the citizens of Earth ascend, become more spiritual, and live long, healthy, and happy lives. Using their advanced technology, the Pleiadians were able to both change their bodies,

becoming almost completely transparent, as well as get rid of their need for food by transmuting energy directly from cosmic rays. Most Pleadians can move between dimensions at will, because they have freed themselves from their physical bodies. They use the power of thought to create whatever they need. The Pleadians gave us some of our human genetic material, which is one of the reasons we look so much like them. They have a very different perception than ours, because they have learned to live in harmony with their emotions instead of letting them control them. The Pleadians live in peace with each other and follow a strict code of ethics that they are taught from childhood. They help all beings on all levels of existence.

We are here with you. We are your family of light
