

A GREAT EVENT APPROACHES THE EARTH

This information that we share with you below constitutes a very brief summary of what the SPIRITUAL HIERARCHY, THE WHITE BROTHERHOOD has transmitted. All this is of immense importance due to the seriousness of the moment we are experiencing. Now everyone knows that an INITIATION awaits our planet, and this is how we should consider it, because we should not fix our minds on negative figures. That INITIATION is what the Bible has called APOCALYPSE.

The world insists on calling cataclysms etc. It is true that some are not going to have a pleasant time, since an event is approaching. We don't know exactly which one, or when it will be, but they warn us that it is close to revealing itself and this can cause a lot of fear.

There will be some beings that will instill fear due to this event that many of us anticipate, for example, the passage of meteorites that will come very close to Earth, and that the mass media will be responsible, every so often, for publishing that terror, to scare the Humans. That is why I am sharing these instructions with you, so that all those who can RAISE THEIR CONSCIOUSNESS and teach the same to the largest possible number of brothers and sisters.

At this time, the instructions of the ASCENDED MASTERS and that of the OLDER BROTHERS CALLED EXTRATERRESTRIALS is due to the event that is pending the next coming. It is true that the Bible announces in the Apocalypse that the Sun will be darkened, and there will be a New Earth, a new Heaven. The event will be so big that it will eclipse the Sun, and the whole world will be able to contemplate it. It stands to reason that the vast majority will panic when this happens. Yes, we believe that there will be a very big change in the Earth and in people.

If the trip to the Moon effected changes in the character and psyche of the astronauts, it is reasonable to accept that gigantic changes will take place with the coming of the event. But there is something that we metaphysicians know very well and that is that fear and anxiety not only attract but also manufacture what is feared.

We also know that LOVE destroys fear. This is confirmed by the Teachings. Those of us who know the activity of the VIOLET FLAME know that it is LOVE IN ACTION and we are already using it, proving that truth.

The instruction that I am going to give you is to spread it, distribute it, teach it to the neophytes, so that they teach the way to rise in the LIGHT, for whatever happens. It is the simplest and most effective way for those who ignore our teaching. The press, radio, and television will promptly scare you with sensational news and will try to cause panic. We have to be alert to counteract everything we notice in our neighborhood.

The simplest way is to tell all those who are alarmed not to be afraid because fear is fatal. Say these words:

“I DO NOT FEAR THE EVENT BECAUSE I SEND IT TO LOVE”.

Insist a lot that they learn these exact words, first you can explain to them:

THAT AGAINST LOVE, NOTHING HAS POWER, THAT LOVE IS ALL POWERFUL; that LOVE is GOD. Whatever you find simpler and easier to understand. Then you can explain to those more aware of the following: that the great Cosmic Beings; the Ascended Masters, the White Hierarchy is doing an immense job to protect the Earth with sheaths of VIOLET LOVE etc. Therefore, by launching vibrations and decrees of Love, such as I SEND YOU LOVE, we will not only be doing a job of mastery and help, but also protecting and elevating ourselves from whatever comes. The more we do it, the more we achieve thanks.

Instructions to eliminate fear and raise our consciousness

It may seem that this recipe is difficult to put into practice but it is not true, it is enough to try it once so that it is not forgotten again.

Now before starting to put into practice the points listed, you have to make the following DECREE with only one time that I will never forget again.

I do not speak or allow anything to be spoken to me that is contrary to perfect health, happiness and prosperity.

I make every living being feel that I consider it valuable

I look for the bright side of everything that happens and everything I see happen in life.

I think of all the best. I expect all the best, I work only for the best.

I feel the same enthusiasm for the good that happens to another, that for what happens to me

I forget the mistakes of the past and move on to greater triumphs

I totally trust in the unique power and I know that all is well in my World

I don't have time to criticize others since I spend so much time improving myself

I get so strong that nothing can disturb my peace of mind

I rise above limitations. Every experience is like climbing a step towards the Light

I thank
