

## **THE LONG-APECTED BIG NEWS THE FALL OF THE CABBALA**

<https://www.youtube.com/watch?v=ddxO8IYevFQ>

Beloved cosmic family. Welcome to the WE ARE ONE Channel.

I bring messages from the HIERARCHIES OF LIGHT.

Greetings dear brothers and sisters. Listen to this message with discernment, with your heart and with an open mind.

Beloved. Many indications perceived in the current channeling indicate that we are really on the threshold of the great events that will determine the end of the planetary transition.

Everything is converging towards this timeline and the days are near. Human consciousnesses are being nourished every day with more gamma light, which favors the understanding of what is happening and what is to come. It will not only affect human beings, but everything that exists on this planet, and which will be under the influence of a higher frequency provided by the energetic intensification of the Light.

It is the mechanism used by the Natural Laws of the worlds, to facilitate the transition of planet Earth. The entire history of humanity will be revealed, and after that a new cycle will begin as Earth leaves the old known systems behind.

The countries will have a different structure, not only in their geographical form but mainly in their form of government. The continents, in the same way, will no longer be classified as today, between dominant and dominated. The colonizations of continents, countries, peoples and races are coming to an end. In these current times, there is even a temporary reversal so that the dominators can face the consequences of their actions on those peoples. The truth needs to be shown and this will happen forcefully and quickly, because time is running out. We will see this reality more clearly in Latin America and especially in Africa. Countries are rapidly becoming sovereign and showing their potential.

The colonizers will also suffer a hard blow, since everything is the law of Cause and Effect, but there is not much time, only what is necessary for the adjustment of collective karma.

All hidden secrets will be revealed. The looted riches will be exposed. Exploitation will be charged. Masks will be removed. The cry for freedom will come along with planetary change. The yoke of evil perpetrated by the reptilian hybrids is on the brink of breaking. Africa has already woken up and is rising. The burning of its entire history in the criminal fire of Alexandria was of no use. Memory is not written on paper, but is alive in the consciousness of humans and GAIA, and now this consciousness is expanding rapidly, overthrowing the devouring domino.

The dominators are cornered, retreating and terrified. They try to buy time for an honorable exit, but there is nothing more to do, because time has run out. The hourglass has completely emptied. The cry for freedom of the Adamic human race already echoes on the horizon and in the heights. Earth is already part of the Galactic Federation of Free Worlds.

Africa, the cradle of humanity, a land rich in natural resources outraged by Europe, is now reborn from the ashes like a vibrant phoenix. It is not because the pyramids are located there, true Inter-dimensional portals. It was no coincidence that the last group of archons settled in the Congo and was finally defeated recently by the Earth Alliance.

The tentacles of the octopus lie inert, not only on African soil but in all corners of planet Earth. Good winds blow from east to west.

Cabal imperialism is in a coma. Now wait for DIVINE MERCY for the extreme  
unction. They survive with their last breaths, because there is still part of  
humanity that feeds them through their psychic emanations and the mental  
control imposed by them.

We are truly at the end of an Era.

May good vibrations envelop all humanity, especially those who still sleep in the  
dream of illusion.
