I am ASHTAR SHERÁN, today I come to be with you at this moment. In these very special moments that are upon you now, while all life is awakening around you. All life is moving more and more into the higher vibrational frequency, as life and energy continue to flood the planet from Cosmic Source, and so indeed the 5th dimensional sun is now expressing more and more. Until recently We and our ships have been holding back this energy from coming too quickly to the planet so it wouldn't interfere with your central nervous system, as you weren't ready for that, but now more and more it is being allowed to happen. manifest and as such everything collapses around the three-dimensional illusion. The house of cards is collapsing faster and faster and those who have been in the shadows. Those who have withheld the truth from the population of this planet are now forced to present that information. Even if you don't want to, you can't hold it back because as this information is presented through your Internet and your many other sources, the truth will be presented. That as the truth comes out those who have tried to contain it are falling and failing. Those of us in our ships, who have been keeping an eye on this entire Plan. Helping them here and there where we can, where we were allowed, we are increasingly allowed to provide more and more assistance where it is needed or requested. We of course cannot do it alone. You are our boots on the ground. You are the ones who are calling this energy to bring it to you. Presenting the truth in any way you can and as you have heard many times this cannot be stopped. It doesn't matter what the dark forces try to do, the Cabal, the Illuminati, the deep state or whatever you want to call them. Within the illusion they appear to be in control, but they are no longer in control because the illusion of the three-dimensional matrix is just that, an illusion.

The reality is coming out more and more and those of the Light forces are many steps ahead of those of the dark forces, many steps ahead so that they can see what is coming, even before putting that plan into action and while the dark ones try to bring total chaos to the planet they can't do it anymore. If they can provide the chaos but it's not them giving the order, it's you, you, all of you, the Alliance, the White Hats, all of us working with those forces here on the planet.

We are all achieving that by bringing to the end of chaos and chaos is coming to an end, however first there will be more chaos more apparent chaos I will say for those who have eyes to see and ears to hear it is not chaos it is simply the falling of the veil, the illusion falling more and more and you are all in your place now just as you intended to be many thousands and thousands of years ago when you volunteered to be here. You are in place now exactly where you need to be and more and more of you will feel the call now. Feel the call that is reaching out to you to advance your mission whatever it may be regardless of how you feel you can contribute. Now is the time to do it. Find it within your heart. Listen to the call of your Higher Self that now, not only whispers but begins to shout at you more and more. Listen to those whispers, and listen to those screams because it is all up to you as to how this will continue to unfold. Know that you have the power. Each and every one of you has the power within you, to blow this system wide open, to be that system buster that you came here to be, so do it, just do it.

I am ASTHAR and I really appreciate these moments that I can be here to share with you, and to give you a glimpse here and there while you read between the lines that I and many of us when we bring you these messages what you call little tips here and there, because there are always those messages within the messages for you to decipher and discern. All my peace and love be with you. Go forward now and be the ones who came here to be, those hunters of the system because this system must completely come crashing down before the new can come out of it.
