

Sananda* – My letters

https://www.youtube.com/watch?v=2DLc6jy_7PA

Dear brothers of this beautiful planet.

“Greetings.

I am Sananda.

Today, in our meeting we will talk about my LETTERS.

For those who have not yet read them or have not started yet, I advise you to do so as soon as possible. What is the objective of these letters?:

First: carry the light of the Truth of what my existence was like when I incarnated. Second: tear down dogmas and beliefs created by your religions, which have nothing to do with what was shown to me in the desert.

Thirdly: it is the opportunity for you to eliminate many beliefs and embark on a journey of spiritual elevation. It has been said by many in their religions that the day will come when I will return to the planet. That I would again walk this planet preaching and bringing peace, and many of you still believe that.

I can tell each of you that I AM here. I will not materialize into a physical body for everyone to see. So everyone knows I'm back. So I can say here and now, that I didn't come back because I never left here. I have always been on this planet, of course, not physically, but within the hearts of each of you. Every being on this planet has my spark in their hearts, so I never left here. In parallel, I continue my path of spiritual elevation, and today I find myself in very high dimensions. My soul would no longer fit in a physical suit, so I would like to demystify all those who say that I will return, because I will not return, I am already here. So do not wait for an enlightened Being to come down from heaven who will walk this planet again preaching Love, because if at that moment in Palestine I was crucified for messing with the interests of those who dominated that time, imagine today that I arrived here again, to the planet, sharing all the truths that those who are here insist on not telling you. Surely my voice would be silenced once again. Then I can say again: I will not return, because I am already here.

I am in the hearts of each of you. Whoever loves me, who trusts me, knows where I am and when he looks for me, he finds me immediately, because I am there and in everyone's hearts.

As the Planetary Christ, I have this power to be in the heart of every inhabitant of this planet, like MAITREYA, from now on it will also be, because it becomes the Planetary Christ. So I tell them to open their minds. Do not expect Miracles, because that is not how the Light will be revealed to this planet. The Light is already implanted on the planet, but few see it. Few believe that the Light is already here and will dominate this planet for many years to come, because this is the journey of this planet.

For those who still do not know MY LETTERS, I tell you to make a great effort to start reading them, to study them, even if that means a great sacrifice for you. In fact, the truths that exist are not very well accepted by all hearts. Many will say that it is not my work, that it is the work of the evil one, as was said in Palestine.

That what I said could never have happened There. Even more so, having a human say they listen to me and write my stories. As long as every human being on this planet closes himself to the Truth, closes himself to breaking dogmas and beliefs, this being will not evolve. It is as if you are wrapped in a

great network, a very strong network that nothing, nothing can dissolve. So, no matter how much it is said, no matter how much it is read, this being does not find resonance with those words, it only finds doubt, anger, rejection and worse still, it labels all those who believe in what is there, crazy, satanic. evil. Everyone is wrong except him.

Millions of people today believe in these LETTERS. Millions of people believe that today. The Beings of Light speak through humans, but they are all crazy. They are all possessed by demons. Everyone speaks lies.

It is interesting that many, when they hear what we say, even accept, agree and see that there is a Truth there, but when they remember who is speaking, they immediately reject everything, because that is not from a Being of Light. Because this does not exist for those who are arriving and for the many who are already here and who still refute MY LETTERS.

I must say that in these letters it is not enough to just read them, listen, understand and agree. There is my energy and when you resonate with what is written there, this energy of MINE feeds the energy of each one who reads it. It makes this being evolve, it makes this being open its mind more and more and dissolve those veils so meticulously embroidered around you.

With each line, each word read in MY LETTERS, a piece of this shell of beliefs, of lies, dissolves. It does not have, as my words have, this power, because they came with this power, with this objective, to bring the Truth, to bring liberation from religious beliefs and dogmas. I am not here preaching against any religion, but all of them, without exception, were not programmed to help humanity but to control it, each in their own way.

There are honest and true points in every religion, there are, but I can say here that they do not cover even half of everything that is said within their religions. All of them, I repeat and affirm again, were created for the manipulation and control of the entire human race. All, without exception.

So when you read MY LETTERS, these truths will appear crystal clear, clean and whoever reads them will no longer have doubts about anything. Everything becomes transparent, it becomes visible, because the veils fall, the Light brings the Truth.

My cards are Light, since they contain MY ENERGY. There is my Truth, not the truth told in your books, nor by humans: it is MY TRUTH. So you, who still

believe that I will come down from heaven to preach again on this planet, come to reality: I would be silenced immediately. Then this is not My purpose. My voice is already spreading throughout the planet. I will not come. I am already here and thus My voice will no longer be silenced and all those who want to listen to what I have to say will be contaminated by MY ENERGY, unless they do not want to and close themselves like an old trunk and throw away the key, then they will gain nothing, They will be just one more of those who do not agree, of those who only attack and only see the bad side.

It is an interesting approach that many religions have of stating that everything that is different from what they say comes from the evil one. Many close themselves, because believing what I say, although they do not agree with what they themselves say, but what the other says comes from the evil one.

To what extent is this not a form of control? To what extent are you not being allowed to know other ideas? To what extent does it prevent you from knowing other truths? Think about it. I already said it here. Evil has the power that you give it. So if everyone believes that what is said comes from evil, evil acquires power, because it increases more and more those bandages, those chains, those shields that surround you and every day you see less of the Truths that appear. Think, if you don't want to believe it, that here it is I who speak, calling me SANANDA, because it is the name of my Soul, but I was JESUS CHRIST when I incarnated on Earth. Thus many know me but I am not going to exalt an incarnated life, I will exalt my soul which is called SANANDA.

I would like all of you, who today still shout in your sermons, in your meetings that I will return, to stop and realize the lie you are preaching, because I will not return, I AM already here, not physically and I will not return like this. But I am inside the heart of each one and I am in my LETTERS, they are MY VOICE. They are the legacy that I leave you at this moment as you enter this NEW AGE. Open your minds. Do not believe that everything that is said is bad. Open your hearts and listen, read and feel, not because someone tells you it is wrong. You are not a manipulated puppet, as you say, so if you are not a puppet, think with your head, not with the head of your religion, not with the head of those who go ahead, who attack other religions and attack everything that happens right now. Open your heart and allow yourself to know the Truth. Now I'm just saying be prepared, because the Truth is ugly. The Truth does not have a pretty face.

They have been taught beliefs and dogmas to manipulate them, to block their minds, so I just say I, SANANDA OR JESUS THE CHRIST, free yourself from this, open your heart and your mind. Open up, free yourselves from this clothing that they have put around you.

That everything that surrounds you is a lie and evil, the evil one, acts like this, but unfortunately I have a not so good revelation that making you the evil one acts even through religions. You were deceived because you needed to be manipulated and controlled. And this does not come from the Light, it never was. It was never what is said in your religious books. No Being of Light wrote it. It was the understanding of you humans and your books, which were being modified according to the will of those who wanted control and had control. So I'm just saying: Do you want the Truth? Do you want to free yourself from all this? So, open your mind and your heart to the LIGHT and read MY LETTERS.

I guarantee that by doing this you will be freeing yourself, cutting the chains, opening your mind and your heart effectively to the LIGHT and this will be of great value and very important for you to reach this new era of Love, the era of abundance, the era of open laughter, of the purest joy, of equality, of justice and above all of Unconditional Love”

Blessings, we send a very strong and tight hug to each of you from Master Lady Nada.
