Beloved Cosmic Family.

Welcome to the WE ARE ONE Channel.

I bring messages from the HIERARCHIES OF LIGHT. Message from Vital Frosi. Beloved, taking into account that humanity on Earth has lived since the beginning of its Civilization in the condition of a third-dimensional world, it is natural that it only knows energy in its densest form, that is, matter, as it is known. for everyone.

The human body is also composed of this matter, otherwise the soul could not experience duality in the proposed experiences. The eyes of this material body can only see what is also dense matter and nothing else. As a result, while they

were incarnated, humans began to believe only in what is seen, that is, in what is palpable, and thus the daily struggle has always been to obtain material goods.

What you can't see or touch is no longer important. The accumulation of resources has always given the false impression of security and money became the common denominator that drew the dividing line between the powerful, who command, and the subordinates, who obey. A rule was created that is used to separate humanity into social castes, rich and poor, and they put everyone on shelves divided into classes.

Although the souls incarnated here on Earth try to learn to live in duality by experiencing polarities, in one existence they all experienced abundance one day and scarcity on another. This is part of the lessons of this school of souls. The big problem is that over the centuries incarnated humanity has created a series of beliefs and the insatiable desire for power. Competition has become something out of control, hence the wars, domination, manipulation of the people over the people and all the misfortunes derived from these immoral attitudes on the part of humanity. Although planet Earth is a school of souls where the natural law is actually that of cause and effect or action and reaction to learn the polarities, within each action it is not necessary to cross the line of ethics and morality, it would be enough to learn what it is like to live in each polarity without going beyond the limits of the Divine Laws.

Everything became more difficult for the soul to achieve its Ascension, when the satanic races, fleeing the wars of Orion, arrived here. It was such races that, through genetic experiments, created human hybrids mainly with reptilians. Such humans have different genetics in their emotional bodies, such as the

absence of emotions. Human beings by nature are loving and benevolent. Hybrids, on the other hand, have coldness and a desire for power far beyond what would be normal among Adamic humans, and it is these hybrids that have brought the greatest hardship to all of humanity.

All known miseries are in fact his creation. However, with the expansion of consciousness that became more pronounced every day, we began to realize that everything was just an illusion, because matter will cease to exist as we know it. The carbon base will be replaced by a crystalline base and everything will change on this planet. By lifting the veils we will understand that nothing exists beyond Consciousness and Light. Light is all that creates, as Light and Love form the frequency of the CREATOR, the same Source of Energy that emanates everything into the infinite cosmos.

We begin to understand that we are a soul and not a material body and that soul is nothing more than part of that One Consciousness with the ALL. So let's understand that matter is just an optical illusion seen by physical eyes, which in turn is also matter.

We are now within the great opportunity offered to humanity on Earth. The time of the Ascension of souls. All those who understand the lessons and practice them within ethics and morals will leave this illusory school and enter a higher dimensional range. In fact, it is consciousness that expands and begins to see and experience the reality of this new dimension. We will leave a world of pain and suffering and enter a dimension where there will be no more trial or atonement.

There will be an end, for this group of ascended souls, of all types of suffering. It will not be the power over others nor the power of money or the ownership of

material goods that will determine the passport to the Fifth Dimension, it will be the wealth of moral values that will open the doors of ascension. Without a doubt, there are many who are so poor, that they only have money and the passage to the dimensional bands above cannot be bought, it will only be achieved through the frequency of each soul. Many will truly know human misery. This misery does not mean the absence of material resources but the lack of moral resources.

At that time there will be crying and gnashing of teeth. Everyone will be notified of their destination. Those who knew how to use all the resources and all the learning of this school in a dignified and ethical manner will enter the portals of the NEW EARTH, the others will know that all the power exercised over others in a vile and abused manner was of no use, since that was precisely what his sentence of exile decreed.

Being banished from a planet that reaches the definitive transition to a higher dimension is undoubtedly a harsh punishment for those who neglected the legitimate prosperity of the soul. A mortal blow for a soul that did not manage to ascend, precisely because of abusing the resources offered during its apprenticeship. That soul that chose to build material goods to the detriment of moral goods, and thus the true human misery will be known, which is not the lack of material goods but the absence of ethical and moral values.

*I am Vital Frosi and my mission is Enlightenment.*

*Dear family of light, thank you for listening to our messages and remember that the Fifth Dimension is a vibrational state and that the choice to vibrate in the NEW EARTH is personal and implies an internal awakening, a process of raising one's own vibrational frequency. It is a journey of self-discovery and*

*connection with the Divine within each of us, a transition towards a state of Love,  
Harmony and Unity.*

*We wish blessings in your life Thank you, Thank you, Thank you*
