Beloved cosmic family. Welcome to the Channel We Are One. I bring messages  
from the Hierarchies of Light.

Message from Ashtar Sheran.

Greetings dear. Many beings, many, think that the pole shift has already occurred but no, it is not like that. The Earth continues rotating in the same initial direction. Scientists say it is turning in another direction. But you see the same sequence of Constellations. Everything looks the same, meaning that no reversal has occurred in the direction of the Earth's rotation. Those that could be subject to some action are the magnetic poles, not the geographic poles. There are specially prepared ships that are always monitoring and attentive to these changes that could occur in the magnetic poles of the planet.

We have already said that these poles have moved and that is what gives the Earth its inclination, but they are the magnetic poles. The geographic poles also remain in place. This event that many indicate will occur at the time of the Great Flash and that is when we will be in the three days of darkness, but they are not

three days of darkness, they are three days that the Earth stops and begins to rotate in the opposite direction, changing reality due to the great energy and power of that Great Solar Flash. This has not happened yet. The magnetic poles, if they have moved, and the geographic poles are aligned North-South.

Yes, there is a Ship guarding the North Pole, another guarding the South Pole and another on the equator line, for the entire center because everything can be subject, at a given moment to these plasma emanations of solar energy that from one moment to the next. another could influence, and in fact have greatly influenced the electromagnetic field of the planet and the time may come when the magnetic poles are inverted, but it does not imply that this has already happened.

I clarify this, because there is a lot of information and what it does is confuse people: "What, it already happened. That has not happened" "That is coming" "That has already happened". Let's not wait. Everything remains the same.

When the Great Flash occurs, there is the possibility that the planet will stop and begin to rotate in the opposite direction, but this will be guided by these three Mother Ships that I have already indicated and are commanded by the Great Archangel Michael. Everyone calm and everyone attentive. There is nothing to worry about. All events will occur and all this, they have already told you, can change from one moment to the next.

That is why there is so much assistance and so much help, because We are unaware of many situations that could arise. That is why we are prepared and alert.

I say goodbye. I am Commander Asthar Sheran.

Reverential Peace

*Dear family of Luz. Thank you for listening to our messages and remember that the Fifth Dimension is a vibrational state and that the choice to vibrate in the New Earth is personal and involves an internal awakening, a process of raising one's own vibrational frequency. It is a journey of self-discovery and connection with the divine within each of us, a transition towards a state of love, harmony and unity. We wish blessings in your life. Thank you, thank you, thank you.*
