

## **DECLARATION OF SOVEREIGNTY**

- 1.-*We, the inhabitants of Earth*, do not give permission to you, invisible beings, entities and dark forces, to control us in any way imaginable.
- 2.-*We, the inhabitants of the Earth*, do not give you permission to make us fight among ourselves; nor to poison our food and water supplies, nor poison ourselves with chemicals that harm the human body, animals and the environment.
- 3.-*We, the inhabitants of the Earth*, do not give you permission to deprive us of our sovereignty, or to govern us through heads of state and government who benefit from any form of vampirism towards the people, energetically, physically, mentally, emotionally and spiritually
- 4.-*We, the inhabitants of Earth*, are now taking our planet Earth under our control, for the good of all the citizens of the planet. And we ask the dark forces, who are part of the invisible, to leave this planet with immediate effect.
- 5.-Only Entities and Energies of positive vibration and higher Frequency will be able to occupy this planet Earth.
- 6.- *We, the inhabitants of Earth*, now recover our home and expel all negative energies, beings and entities that reside here. By the powers and laws of the Universe: “Go Now.”
- 7.- GAIA has a frequency of Light that no longer allows lower frequencies to inhabit the surface, or any other region beneath the planet's surface.
- 8.- All beings that are not vibrating at a higher frequency of positive and loving energy for everyone: Go away everyone and leave the Earth in peace!
- 9.- This declaration of sovereignty over the Earth has been completed.
- 10.-Leave the waters of our Universe because your presence here is no longer accepted!
