***of the***  
***CIVIL INTERNATIONAL COMMITTEE***

*April, 2003.*

" We trust, that the hope for the cloudless future of our children in itself is the consolidating basis of Integrated Nations. The scientists, philosophers and the historians know, and all honest people on the Earth feel, that never in a history of mankind the scintilla of perception of the people as brothers seek to unity in a name by love and a world did not die away. Humanity, tendency fortunately and refrainly of travails -are right of each person. Therefore on the second schedule the distinctions economic, ideological and religious depart, since " it is impossible equally to think - differently there will be no thoughts " (Geotty-Rupananda, 1992).

And all these distinctions did not hinder during centuries to keep principles IKONOMIA (nation developed the culture, but nonpredatory coexisted), that more than 200 years by hard work intelligently - spiritual by elite of Constantinople (unique million Center in Eurasia of the first millenary of Christianity) on coordination of World's Economical attitudes were reached on stretch. This wisdom, gained by mankind, has salvaged the peoples of Crimea from genocide Turks in 1777-1783 due to civil and spiritual exploit of the locum tenens of a throne of the Ecumenical Patriarch in Crimea, 24 Metropolitan Gotia and Kafa, Sacred Ignatius who has returned the peoples of Crimea in seaside cities TANAIIS of Locale. By the way (exploit of the Sacred Ignatius compared by the contemporaries to the Moseses), has helped to survive the ancesyrer of the academician of Andrew D. Saharov to the Greek Sofiano. And high it is intelligently - spiritual tradition saved by the Father by Wasil, survivor power of the Sacred Ignatius, Him Priosveshenstvo Ippolit, set the stage to canonization Prelate, and thousand Christians from shores of the Ancient Azov sea, we hope, that will help to all of us to reach the prosperity of Sociaty rested on ideas of a humanism. But now, as never, the scrambling between light and darkness becomes aggravated

The tragedy of September 11, 2001 has shocked all world, by showing its absolute vulnerability. With destruction of buildings of World-wide Shopping Center in New York our illusions have addressed to ashes, that "The Cup us do-not touch upon" and is possible

somewhere "to be covered" (the Greek wisdom does not work). Each inhabitant of a planet the Earth is compelled to make selection - with whom he and than he can sacrifice " radium short-range ". He selects by what way he hopes to supply the future of children. The time test our CIVILIZATION for strength. And the take-offs of human spirit can not be connected any more with REGRETING for the accomplished particular act against humanity, as Mr. Nobel after creation of terrible means of destruction and has made as the Academician Andrew D. Saharov after creation of a nuclear bomb has made. The catastrophes and terrorism can today be countered only by the initially highly moral Persons such, as Aurelio Pichelly, basing Roman Club, as Vadim Kirichenko and Wasil Leontjef, basing international ACADEMY of economic sciences and enterprise activity, as the professor of medicine, President of a Polish Academy of sciences Miroslaw Mossakowski, actively supporting it is intelligently - spiritual the shares and initiatives. Just, such persons retrieved by the experts of publishing house " Who is Who ", have responded to our reference and in 2001-2002 years and we are deeply grateful: Ms Allia, Valerie; Ms Drake, Laura; Ms Celeste, Mogab Dunion; Prof. Ray Besing Gilbert; Dr Chattopadhyay, Prithviraj; Famous Writer USA Brand Oskar; Prof. Birkbeck.
