

Third Short Report to “Global and regional youth experiences with the World Programme of Action for Youth (ICMYO)”

Dear Friends !

We greatly will regret that we did not send our report to 3 October, but we are very glad so that we manage to acquaint You with our proposal on 7 October.

We propose during the first stage of training the First World Congress of Spiritual Unity in New York to discuss the program of this International Forum in the regional youth organizations (Look Document 1 “The Project” on www.cic-wsc.org).

For example, for the youth organizations of Spain can be interesting the following themes:

1. The Spaniards have saved as early as New York in 1943 (Look Document 43 and **Document 168.- Documentations of CIC for NU (...21...)** (Engl) on www.cic-wsc.org);

2. Every year to conduct international competition to the most promising democratic innovation, realized by government officials in the province of Basques (Look Document **Document 146.-Recommendations: First Stage of THE FORUM -2005** on the Web-Page www.cic-wsc.org);.

3. There are making the determination of nomination "Intellectual- spiritual leaders of democracy and unity" in the province of Basques. (Look Document **Document 146.-Recommendations: First Stage of THE FORUM -2005** and Document **Document 58** on the Web-Page www.cic-wsc.org);.

We all will be glad, if the youth organizations of the States of the United Nations would respond to the invitation of the youth organization of Civil International Committee (CIC). Please Look “**MESSAGE to the YOUTH and STUDENTS of all the Countries around the World** on www.cic-wsc.org).
