

**To President of Ukraine Victor A. Uschenko**

Dear Sir,

We all are very glad Your Win for Democracy in Ukraine. Conducting honest action and sale of metallurgical combine "Krivorozhstal" - Krivoy Rog Metallurgical Plant" for the money which today are so necessary to national economy - this is your large personal VICTORY. You made impossible, but our people always makes impossible. Do You know on the earth the people, which did create two world languages and did create in these languages of work the culture of world level? There is no such people on the planet besides Ukrainians. We sincerely desire to you health and successful work for the good of all peoples of this of the Earth.
