TO CONTINUE WORK with WHOSWHO - THANK YOU

I want to give three new Great Men.

First Great Man

Mr Boris Grygorovic Voznitsky, Director of Ukrainian Centre of ICOM
(Secretariat Maison de I'UNESCO 1, rue Miollis, 75732 Paris Cedex 15,
France E-mail secretariat@icom.museum)
Lvivs'ka Galereja Mystectv (Lviv Art Gallery)
Address: 3 Stefanika St., Lviv, Ukraine, 79000 E-mail: vita@link.lviv.ua

SUMMARY

I am meeting with Mr Boris Voznitsky 8/08/2006 in Mational Muzeum in Lviv on the Round Destop "Mission of the person-citizen in formation of the Ukrainian State".

By mountain of Ukraine, the academician of the Ukrainian Academy of Arts Boris Voznitsky has set tone to all reports of present. He sincerely and frankly spoke about problems of Greek-Catholic Church in Ukraine. He spoke that the management of Greek-Catholic Church does not feel by host on own ground. He considers as large lack of activity of Greek-Catholic Church, that Andrew Sheptycki is not glorified. It is inconvenient to me as to communicate with the colleagues from countries

of Europe, which one are sincerely surprised to our indifference in a solution of the question of glorifying (canonization) of Andrew Sheptycki". And main - "to me how strange to see, that in those arrivals, where always spoke on the Ukrainian language, today speak in Russian. 16 years after Declaration Independent of Ukraine Have passed, and in official bodies of Ukraine speak in Russian.

I am sincere together with all present applauded the academician, which one is not afraid and speak the TRUTH.

Second Great Man

Mr Yroslav Dashkevich, Prof History, Director Lviv's Department of Institute of Ukranian Archiology NAS of Ukraine
Address: 24 Vinnichenko St., Lviv, Ukraine, 79008

SUMMARY

I am meeting with Mr Yroslav Dashkevich 8/08/2006 in Mational Muzeum in Lviv on the Round Destop "Mission of the person-citizen in formation of the Ukrainian State" too.

Mr Dashkevich has underlined, that the Greek-Catholic Church go out from catacombs practically 15 years ago, but conducts existence today as any secret Church. For all years its of open existence is not published in conditions of catacombs such issuings, and today does not publish. Why? And main - the Churches burn, the monuments to our history, history of culture of Ukraine burn. There are some reasons of such fires. First - there is a desire in place of wood Church to construct immovable facility. Second - desire the cover carried out rip-off, when from Church have born expensive icons and books, and then for liquidation of tracks of rip-off the arson is settled. Mr.Dashkevich wanted to indicate reasons yet, but has refrained. He only severely has indicated, what is it sacrilege, as is sacrilege at that, that the glorifying (canonization) of Andrew Sheptycki lingers over, and "you see He was highest King of Church." Professor has underlined, that the scientific activity on a history of Church is not carried out and there are no scientific accumulator cells, where it is possible to do the publications. Main - "scrambling for confrssor it not only Church, but and literature. By the way today by pomography of the people artificially repel from the literature. He has paid attention the humanities, present on a miserable condition, in Ukraine, and also to necessity of overcoming of the antiUkranian tendencies for a management of company.

He has indicated, that he was on 17 conferences on a history of religion, but on those was not the managers of Greek-Catholic Church. But main - it is necessary to refuse to hinder to construction of Ukraine not those who today behind desktop, those, "who always under desktop".

All this was said so sincerely and with such trouble on the future of Ukraine/Gothey - Hettmanshina, that has paid attention to an actual history of Khust, founded Hungarian King Gust in 1090.

Third Great Man

Mr Fedor Strygun, National Artist of Ukraine, Chief Art of National Theatre by name M. Zankovetski
Address: 1 Lesi Ukrainky St.,Lviv, Ukraine, 79008

SUMMARY

I am meeting with Mr Fedor Strygun 8/08/2006 in Mational Muzeum in Lviv on the Round Destop "Mission of the person-citizen in formation of the Ukrainian State" too.

Mr Fedor Strygun underlined, that he liked expression - "Pravoslav's Roman Catholic". He reminded by all present, that since 1952 for 1990 in country was born generation NON-christening of all people. And in 1925 have deleted completely Autocephalous Church. "And what to speak about the Greek-Catholic's people ! Greek-Catholic Church frightened the people, specially, in East Europe, East Regions of Ukraine. The people were afraid and are afraid of the chairman of collective farm, heads of agricultural advice and other chiefs. The people wait for returning of the old orders. Therefore they try to leave in drunkenness. When the person little bit drunk he will approach to You and will ask about health, will greet. Our Sociaty have very much intimidated the people. "But what to speak. Who goes on tour in Kiev ? The Chief of Ukraine and

modern richmen invite from St.-Petersburg Theatre "Lenin's Komsomol", theatre from Moscow, and our National Theatre has no money to fare up to Kiev ! We wait 2000 grn.! Why it happens ? I was on my Cherkashini. So there is constructed much, but it is not ours; Grivny NO need; that all pay roubles and they say in Russian. And that all in Cold Yaru, in Motrinum's Monastery !

Present have confirmed, that in Pochaevski's Laurel on Ternopol's Region was only deputies of State Duma of Federal Russian.

Mr Strygun has underlined - "to all of us the new idea is necessary and it is necessary to work for education of a nation. 15 years have passed and negative it is a lot of".

I very much was pawed words of Mr Strygun, which is really pride of the Ukranian people. From 36 made him of perfoances - 18 are by National property. Those such perfoances: "Motrya" (1 part "Mazepa"), "Do not kill" (2 part "Mazepa"), "Baturin" (3 part "Mazepa"), "Romeo and Jullieta", Iesus the Son of the GOD Living", "Gamlet", "Guculka Ksenia", "Gajdamaky", "Pavlo Polubotok", "White the Sun raised, the dew eaten of eyes" and others. I think that Mr Strygun is very talanted person and present patriot of European Ukraine. The Letters of Chaadaev are really very necessary to Mr Strygun.
