**To the Real Member of Civil International Committee (CIC),  
professor, doctor of sciences Miroslav Demic**

**To the Queen of Great Britain**

**To the King of Belgium**

**To the chiefs of public organizations of Serbia and Europe.**

All members of Civil International Committee (CIC) deeply were shocked with events on territory of former Yugoslavia. All of us deeply grieve about suffered by the peoples of Serbia-Yugoslavia victims.

All tragical events of September 11, 2001 in New York (USA), March 11, 2004 in Madrid (Spain), and today and in Kosovo have among themselves criminal communication(connection), which one recently name by international terrorism.

However, all becomes understandable, what is it present war of dark and stagnant forces against advance and development. These forces can be countered only by unified world community. And it already finds in itself forces actively and effectively to struggle with all phenomena of a terror, directional against the moral bases (fundamentals) of existence of Mankind in all orbs of human activity.

It and scrambling with shadow economy in countries with not developing economics, it and scrambling with abusing in a financial orb in different "free" zones and states, it and scrambling with destroy-men of an authoring legal field in this or that locale of a world. Actually it is scrambling against all destructive operations, directional against observance(holding) the rights of the Person, and breaking « the Convention on a protection of Human Rights and fundamental freedoms changed and supplemented by the Minutes № 11 in tracking of the Padding minutes and the minutes № 4,6 and 7 ».

These criminal forces would like to put all people, honestly working on the Earth, in a silly and humiliating position, permanently demonstrating successes of impudent and lazy immorality, displaying youth, that the honest labour is destiny clever, but weak people, and « faces capable on a crime and arbitrariness beautifully live » on a planet only.

What all of us can oppose to this aggressive and reprobate laziness?

At first, SOLIDARITY honest and working in a name of the FUTURE of the peoples of the industrially developed states and all civilized World. And it will successfully be realized (sold), that we see on an example with democratization of Iraq. The words of the President of Poland Alexander Kwasnewski can be considered, as the legible answer of Europe to all accomplices of terrorism.

Secondly, interested analysis of ideas and initiatives, which one are put forward(extended) by the scientists and contributors (see. The document № 29 Web-Page [www.cic-wsc.org](http://www.cic-wsc.org)). But most important - support of intellectual (intelligent) elite in Europe (see. The document № 28 Web-Page [www.cic-wsc.org](http://www.cic-wsc.org)).

Third, destruction(annihilation) of the ideological base of organized conflicts. Preparation both realization of meetings and forums in Europe with the purpose of broad discussion by representatives of all carrying on religions of non-conflict's character of substantive provisions of their doctrines. It was possible in 1992 in Alma-Ata. And it should receive and today in Europe. It is necessary to oppose practice of a release of the peoples actual paths of achievement of SOLIDARITY in Europe between the christians and Mussulmen, which one practically together creating Great European University traditions, since the ninth century and we should first give intelligently - spiritual rebuff to the criminals.

Therefore we offer to discuss idea of realization of a series of meetings in capitals of the European states of the spiritual leaders and Outstanding of a scientific world with the purpose of development(manufacture) of actual gears of achievement of the all-European SOLIDARITY.

This motion, according to our reckoning, and initiative should be headed by the People having wisdom and authority, which one stored during centuries the best representatives of their surnames.

Therefore, we also are converted to You with this initiative. We shall be grateful, if You will find time with her to acquaint.

**Valery Vasiljev, Chairman of Civil International Committee (CIC)**, Membership of Research Board of Advisors, ABI, academician of the New York Academy of Sciences, member of Company of 1817 "Heritage" of the New York Academy of Sciences, Membership of International Biographical Association of BC Cambridge, Recipient of Nominal Medal as Author of the Law of PRESERVATION of a LABOUR and nominant of "2000 Outstanding Intellectuals 21 centuries ", IBC of Cambridge, doctor of commerce.
