Formed modern situation, to deep regret, supposes the search of nonstandard decisions not that what to development of those school ofs science in East Europe and Eurasia, and to the elementary conservation of attained level. To us by everything really was lucky, for last decades developed and was lifted on modern level the science of Republic Kazakhstan which, in the first place, was carried out toing thank the Great work of professor, Dr econ. (PhD) Nursultan Abishevich Nazarbaev and all insisting scientists of this young country with ancient and deep culture. That is why we aim to make, with its side, everything possible, in order to retain the tempo of intellectual-spiritual growth in Euro-Asia for the account of the broad attraction of the scientists of Republic Kazakhstan to the discussion on of our researches, of reports and developed recommendations.
